Out Of The Ordinary

WARNING, THIS GUSHER IS OUT OF THE ORDINARY!! SO DON'T BE SURPRISED IF YOU HEAR: A faint drift of the Pep Squad drums, or a muffled buzz that sounds suspiciously like C.E. Byrd "rocking the house". If you're not careful, you might even get swept away on the EXTRA-ordinary purple and gold tide. But then again, maybe that's exactly what you want!

This year was a time for rethinking, but now's your chance to think back over the people, the places, the ideas, and the feelings that are BYRD. And this is GUSHER's chance to show YOU off, because you are the biggest part of Byrd.

So, proceed with caution and high expectations into our year, the greatest of all, YEAR OF THE JACKET!!

LAURELS TO THE VICTOR- Harold Johnson received his just rewards at the victory rally after the Byrd-Loyola win.

LEADERS OF THE PACK— The Byrd football coaches are recognized for their superior work with the 1986-87 football team.

TAKING NOTE- A Byrd High School Band member seemed completely emersed in the fine art of striking just the right note to make the rhythm just right.

THE SPOILS OF VICTORY- The football players and the coaching staff were treated to a little dessert after making a full course of an opponent on the field.

GO JACKETS!- This rambunctious student really got into the swing of things as he cheered at a pep rally.

A BIG TURNOVER- Jacketland really got turned upside down after the victorious Byrd vs. Loyola game.

Out To Be Noticed

Everywhere you looked last year, there were a multitude of Jackets just waiting to be noticed for all the wonderful things they contributed to our City of Byrd. Each and every Yellow Jacket gave something special of himself or herself to make Byrd the unique place it is.

With no thought for reward or perhaps even unknowingly, you did your part. You were proud to be a Jacket even when things looked dim, and you shone when Byrd really showed our true colors. And all that time, GUSHER WAS OUT TO NOTICE YOU, JACKETS!!

TEAM SPIRIT-The Yellow Jacket Football got that spirited feeling at a pep rally as they prepared for the game that night.

V IS FOR VICTORY-The Yellow Jacket Victory
Flag got a big wave at a pep rally.

TIME FOR A BREAK-Her beloved drum gave this pep squad member a perfect chance to rest up for the big game night ahead.

Summer

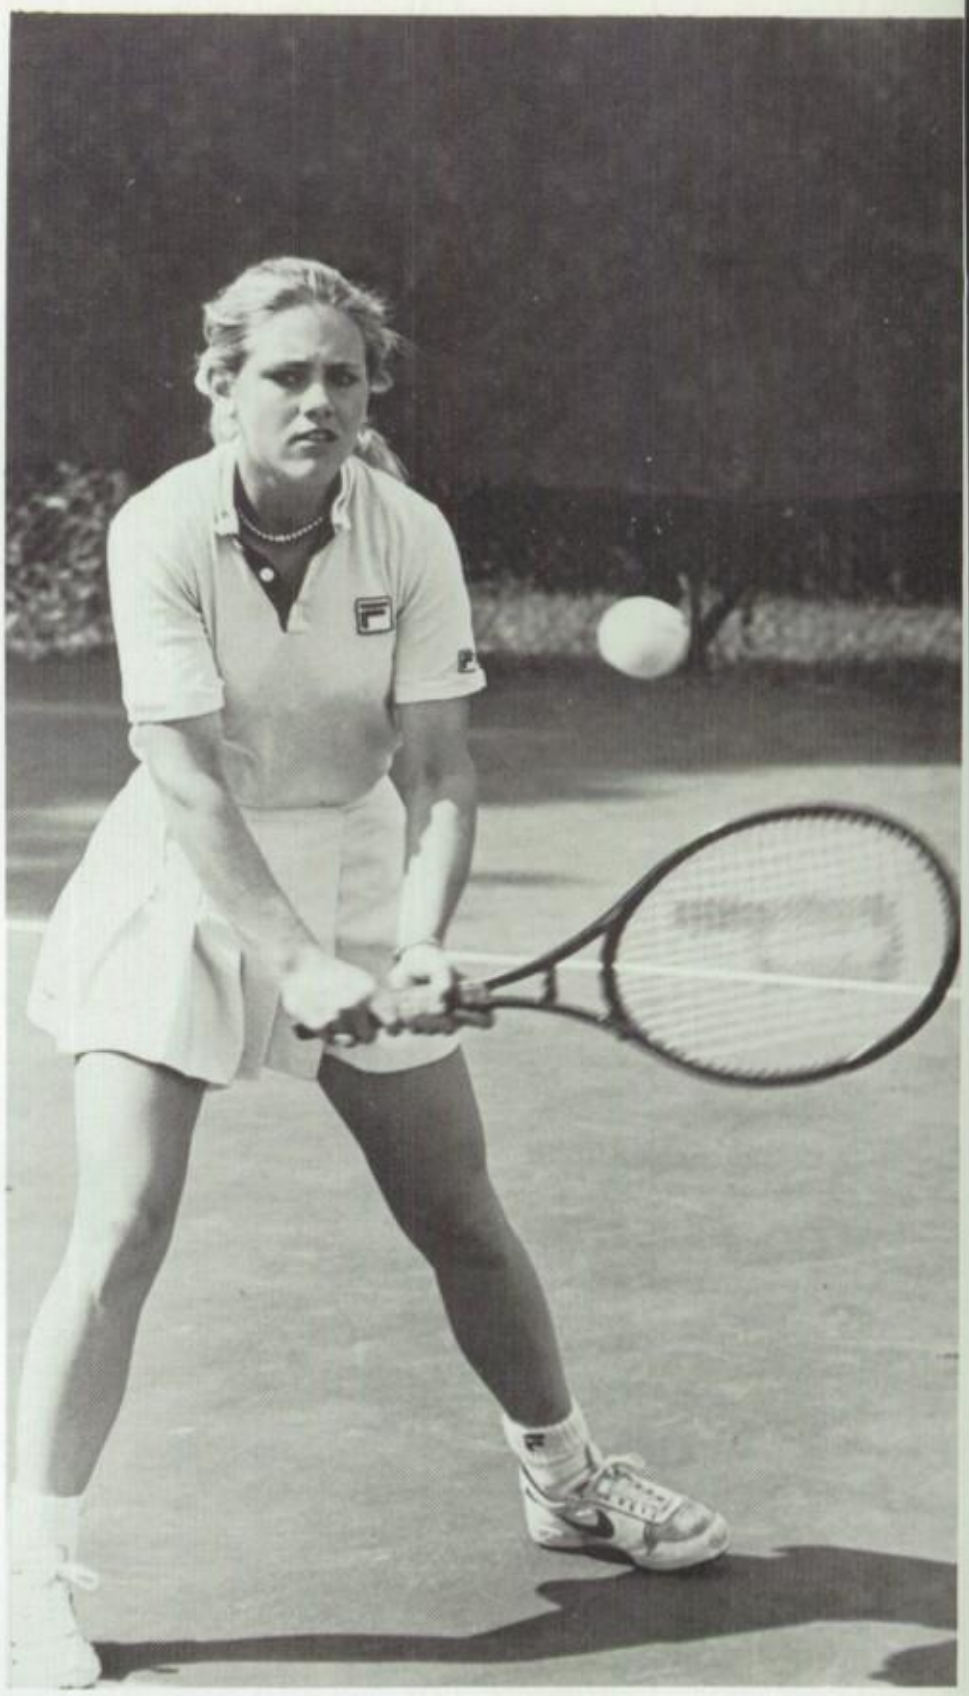
Summer, a time to relax. A time to kick back and forget all the hussle and bussle of school. Many of our Jackets found the summer just as busy as the school year due to traveling. "I went to Colorado to see Pikes Peak. I had a blast but when I got back I was tired.", Junior Todd Clark was caught saying.

Many people at the City of Byrd had other things to do. "I worked at Swensons to make money to go out," said Keith Lewis, "the half I wasn't grounded!" As Keith sat at home, Colonal John Mitchell was a member of the technical team at the Michigan 500. "I have loved cars since I was a kid.", Col. Mitchell stated.

While all of this went on, Ginny Johnson won state championship in the 18's and went on to finish in the top 32 in the National Clay Court Finals. "I was happy with winning state but I was even happier with finishing in the top 32 in the country.", Ginny said.

Even though all this work was happening, you could see that Junior Trey Pierce took the summer the traditional way. "All I did this summer was relax and water ski.", said Trey.

Even though everyone had a good time and wished the summer could last forever, all students knew they had to go back because the City of Byrd awaited them for another school year and because all knew there was another summer not too far away.



WATCH THAT BALL - Ginny Johnson concentrates to perfect her tennis game.

HIS DREAM COMES TRUE - Colonol Mitchell worked at the Indy 500 on the CART team.

JUMP - Danceline shows their moves which they learned at long summer practices.

WIPE OUT - Trey Pierce does anything but that while skiing on Cypress this summer.

PYRAMID TO SUCCESS - Cheerleaders practiced what they learned at camp.

STUDY, STUDY, STUDY - Mrs. Rhodes advised students about testing.

1986 PROM

The scent of magnolias, soft breezes, kissing a cheek, and the sound of a paddlewheel gently slapping the river was the aura of the 1986 Junior-Senior Prom aboard the River Rose.

For the second year, students and their dates danced aboard the Rose and enjoyed the commentary and music provided by Jeff Edman.

Elegantly attired in tuxes and tails, some young men picked up their dates in limousines. Following tradition, dates dined at The University Club, Freeman Harris, and Jacques among other places.

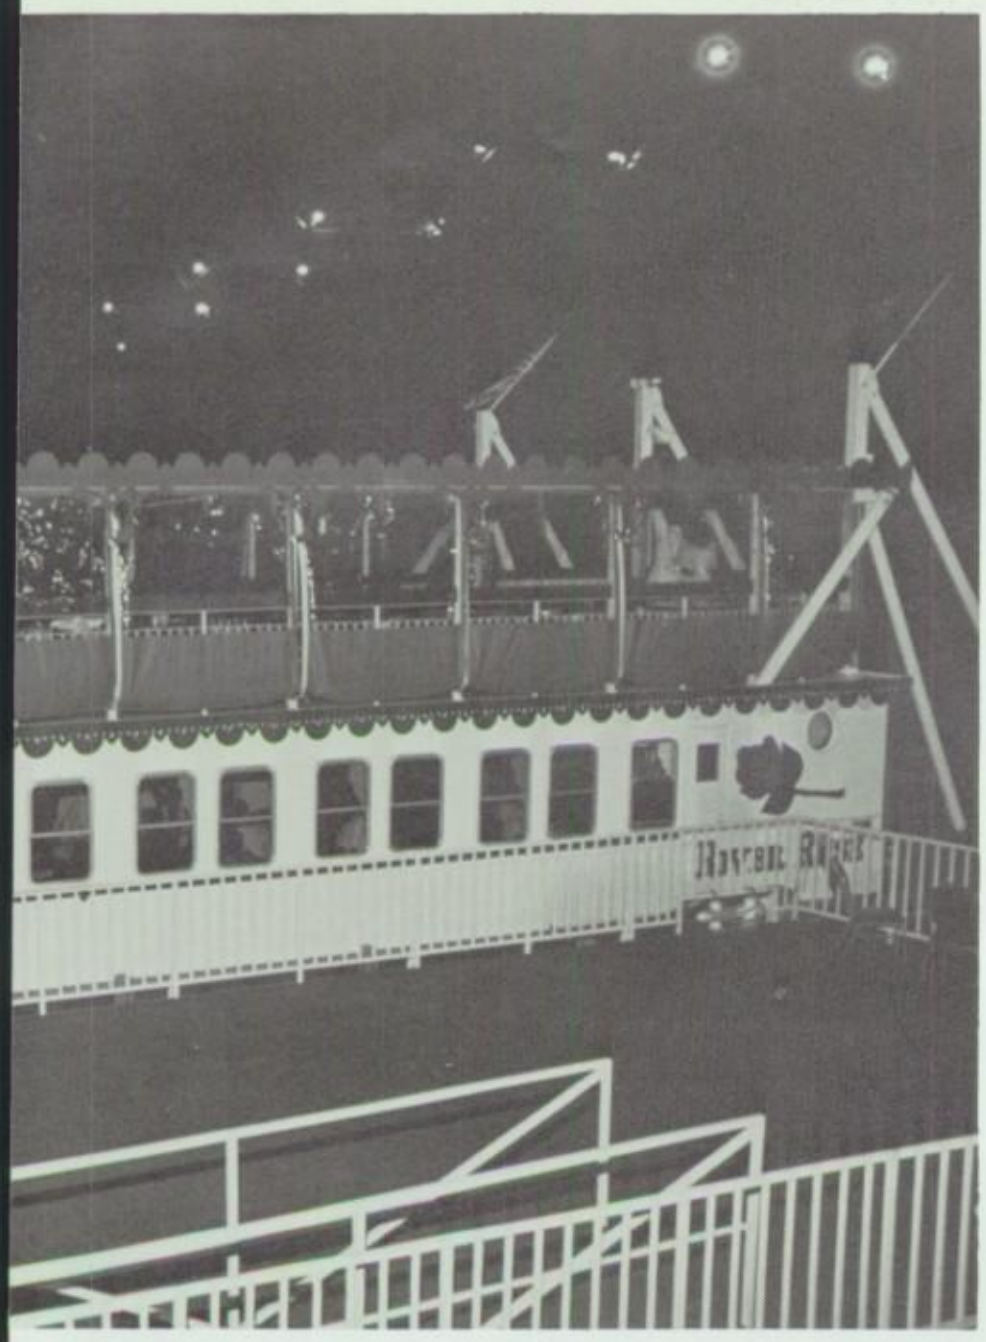
Byrd girls never looked prettier as they danced in their long dresses, adourned with prized corsages.

Members of the court were elected by the junior class. Darnell Williams was elected King and Seletha Puryear, Queen. Other members were Pippy Jamison, Princess; and Karris Hayes, Prince.

Nona Roach, who attended the prom with Charles Clawson, enjoyed the romance of the evening as she danced cheek to cheek with her date. "I felt like a Queen. Everything was so wonderful. I'll never forget that evening."

GLORIOUS ROYALTY - Seletha Puryear and Darnell Williams reigned as the King and Queen of the 1986 Prom.

TAKING A BREAK - Regina Pitner chose to sit down with Les and Leigh Burieson after a few dances.



FLOATING FLOWER - The River Rose was the sight of the 1986 Junior-Senior Prom.

Finishing Touches

Byrd finally found itself in a completely reconstructed building this year. After two long years of blocked off rooms, dust filled corridors, and falling plaster, the students were overjoyed that the sounds of hammers, saws, and drills had finally left the campus.

This year, we held the assemblies in the new auditorium which was equipped with a new curtain, sound system, and lighting system. Once again, civic organizations were requesting the use of the second largest auditorium in the city. Senior Adam Bell said, "The new auditorium gave Byrd citizens even more to be proud of than before."

The refurbished science lab with its modern equiptment made it easier for students to work on their science projects and experiments. Julie Shirley, sophomore, said, "It is so much easier when you have the right materials."

Since the offices were opened by removal of partitions, the office workers and secretaries were able to enjoy the luxury of more room and better working conditions. Pot plants enhanced the decor and added to the overall pleasing atmosphere.

Counselors found themselves in a new suite of offices utilizing rooms 124 and 125. Mr. Roy Thomas, assistant principal, moved into the offices formally occupied by the counselors.

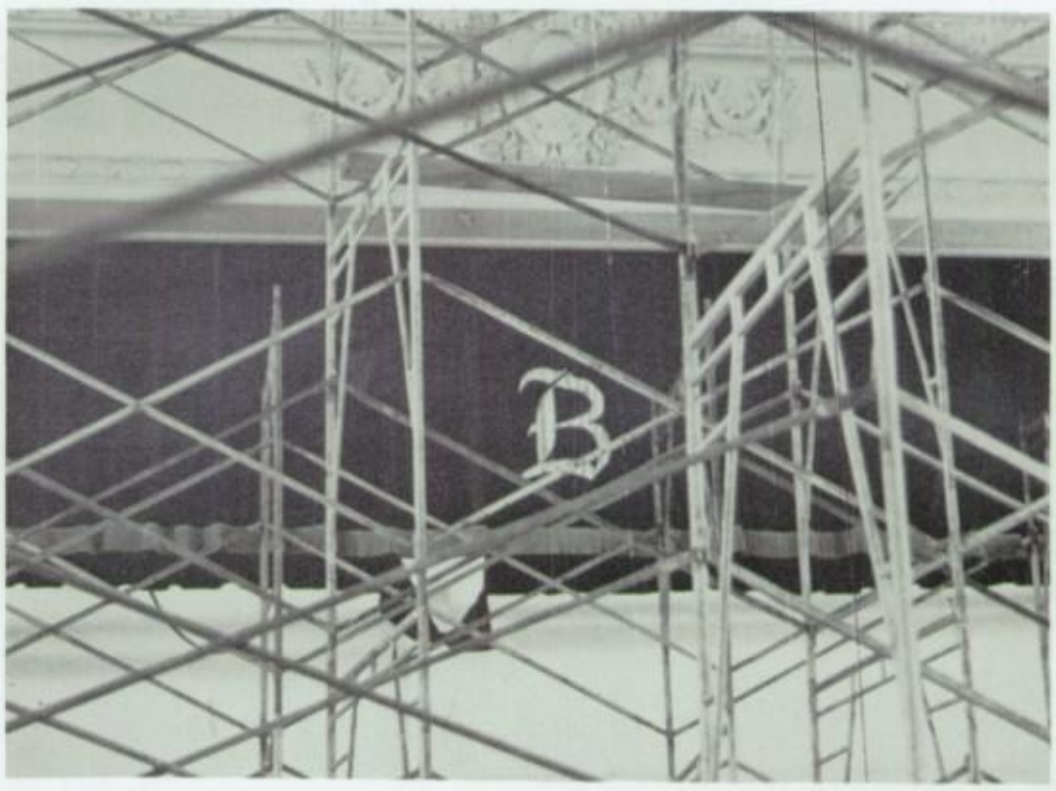
Pep rallies were held in the new gym which sported new bleachers, a new floor, and air conditioning. Jamie Gardner head cheerleader, said, "It really helped to raise the Jacket spirit before each game."

Bessie Davenport puts the finishing touches on a chest.

The students and secretaries enjoyed the comfort of the new office.

Mr. Meekins supervised a few of his students while doing a science experiment.

BEFORE: The scaffolds in the auditorium represented the hard work of the construction workers.



The students in Physical Education enjoyed sitting and resting on the new bleachers.

AFTER: The students enjoyed having the assemblies in the newly reconstructed auditorium.

The administrators went over new ideas for the school.

Year Of The Jackets

"The Ultimate Reunion", will be held in June. "The reunion seeks to bring together all past graduates and students now enrolled at Byrd", Minnett Thornton, PTA president stated. One of the highlights of the reunion will be the induction of several past graduates into the C.E. Byrd Hall of Fame. James Gardner, former mayor of Shreveport, is the Hall of Fame chairman.

This truly was "The Year of the Jackets." We were promoted by many supporters of Byrd including committee members listed on the opposite page. Through the efforts of these committees, the community, graduates, and the student body, Byrd became known again as one of the outstanding schools in the nation, steeped in tradition and noted for its excellence.

"It's time to rethink Byrd", was the campaign slogan used this year by the PTA to make the community aware of Byrd's involvement in activities throughout the years. Byrd, the oldest public school in Caddo parish has seen many good and bad times during its sixty years.

With this campaign, many people in Shreveport and other areas were reminded of Byrd's excellence and learned about the school itself.

A roast honoring J.D. Cox headed the campaign last August. Cox served as head baseball coach from 1944 to 1960 and as head football coach from 1960 until his retirement. His combined teams won almost eighty-percent of their games-700 wins against 187 losses. He won the state basketball championship in 1940 and the state baseball championship in '56.

LISTENING- Members of the PTA listened to speeches given about "The Year of the Jackets."

QUIET PLEASE- Mr. Thomas listened to the speaker at the PTA meeting.

ATTENTION- Minnett Thornton, PTA president, brought the PTA meetings to order and gave speeches.

READING- Committee members sat and looked over information that was discussed in PTA meetings.

ORDER- Organization was the key to success for PTA members who kept material in order.

SMILES- "The Year of the Jackets" campaign brought about smiles to the members of the PTA.

Jackets Had

SPIRIT

The "Jacket Spirit" was quite apparent at C. E. Byrd. Our students enjoyed activities such as football, basketball, and tennis. Yellow Jacket bumper stickers, T-shirts, and jackets were seen everywhere in Shreveport. Students and faculty members wore purple and gold on game days.

Jacket Spirit was furthered even more by the art classes, who made banners for the assemblies and games. The ROTC contributed to pep rallies, football games, and spent many hours drilling to perfect their precision drills. That great Jacket Spirit prevailed because of the tremendous pride the Byrd students had for their school.

The "principal" idea is to attend all Byrd games and cheer on the Jackets.

"THE DAY AFTER" loyal fans showed their spirit at the victory pep rally.

Pep Squad and the Highsteppers keep the pep rallies full of spirit.

The students expressed their spirit by decorating their cars for Homecoming.

The football team showed their excitement of the victory over Loyola.

Margret Ponder and Ginny Johnson made their version of the victory flag.

The Best And The Brightest

Andy Schlidt, junior, has been playing the viola for six years. Andy has been a member of the Ark-La-Tex Youth Symphony for three years. Andy is also in the All State Symphony for Louisiana High School students. Andy is a member of Drama Club and is Vice-president of Tri-M Music Honor Society. Andy is also a member of the Jacket football team.

Andy has been recognized time and time again for his accomplishments. Not only is he an excellent musician but he is also an outstanding student. He works hard to make sure nothing stands in his way of his academic excellence.

GUSHER wants to say "Good Job" to Andy Schlidt for his great efforts in everything he attempts.

Ginny Johnson, senior, can be found on the courts playing tennis. This past summmer, Ginny won the State Championship in the 18's in Lafayette, and was the number one player from Louisiana at the Southern Closed held in Nashville, Tennessee. At the Southern Open held in Birmingham, Alabama, Ginny was the number one player from Louisiana and finished in the top five, winning the consolation bracket. She finished in the top 32 held in the National Clay Court finals held in Chicago, and in the top 32 at the Nationals held in Memphis.

At Byrd, Ginny is on the Student Council Executive Committee, co-manager of the High Life business staff, and secretary of the senior class.

GUSHER wants to congratulate Ginny for her hard work and accomplishments brought to Byrd!

Ana Kraszewki, sophomore, has been playing the piano for six years. Ana has competed in Natchitoches and also at Centenary College. Ana has won several superior metals at the LMEA festival.

At Byrd, she can be found wearing purple and gold and cheering with the Pep Squad at all the football games. She is also a member of Key Club and a student Council Alternate.

Ana is not only a fantastic pianist but also a great student. She works extremely hard to keep her grades at their highest. Ana feels that her academic excellence should always come before any type of extracurricular activities.

It is this attitude that has propelled Ana Kraszewki into not only great musical achievements but also outstanding academic work.

GUSHER would like to say to Ana, "You hit all the right notes with us."

Nona Roach, senior, has been playing the violin for seven years. She has also been playing country music for six of those years. In 1983, Nona was the 2nd place Junior State Champion for Louisiana. Nona has competed in Arkansas, Louisiana, and Texas. She was a member of the Ark-La-Tex Youth Symphony and re-organized the "Mighty Jacket Orchestra" her freshman year. Nona is president of Tri-M Music Honor Society, a member of the French Club, Spanish Club, Drama Club, and Assistant Editor of the GUSHER.

Nona is not only well known in her music field but also here at Byrd. She known for her diminutive size and dynamite personality. But, as Nona herself says, "Good things come in small packages." She can be seen beating a path down the halls with her best friend Patty Holt, who says of Nona, nicknamed "Gnome", "Gnome is a great friend. We have a world of fun and she never let's me stay down long!"

Congratulations Nona for your years of dedication and your will to excel in all areas!

Patty Holt, known to all of us "Patty Sue", is probably best known for her outstanding dramatic work. Patty Sue is a four year member of the Drama Club/Thespian Society and two year president of both clubs. Patty is also a member of Z-Club, GUSHER Editor, NHS, and an Academic All-American. Patty was named National Merit Semi-Finalist, and Govenor of the Nationalist Party at Pelican State. She was honored by the Highlife as Miss Mistletoe. She is an American Legion Oratory Champion and has won awards for her excellence in Speech tournaments all over the state of Louisiana. She also represented Byrd at the Freedoms Foundation Leadership Seminar at Valley Forge.

Personally, Patty is famous at Byrd for her bizarre sense of humor and tremendous personality. She is spontaneous and creative and anybody will tell you that you never know what she'll do next. Nona Roach, Patty's best friend, said "Patty Sue is a bag of surprises. We never have a dull moment!"

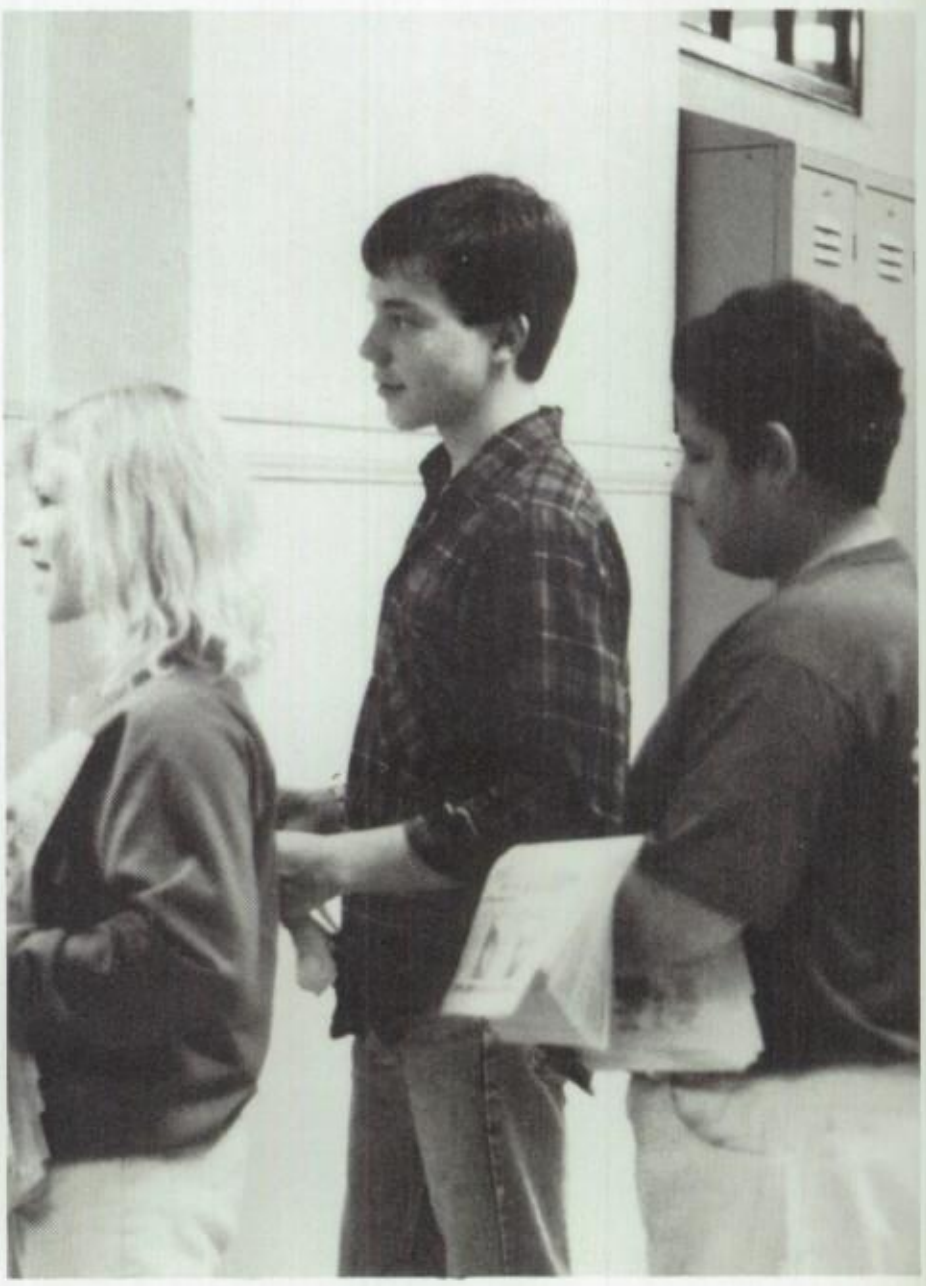
GUSHER says "Three Cheers" for Patty Sue for her many great achievements at Byrd and in all she does!

Out Of Class

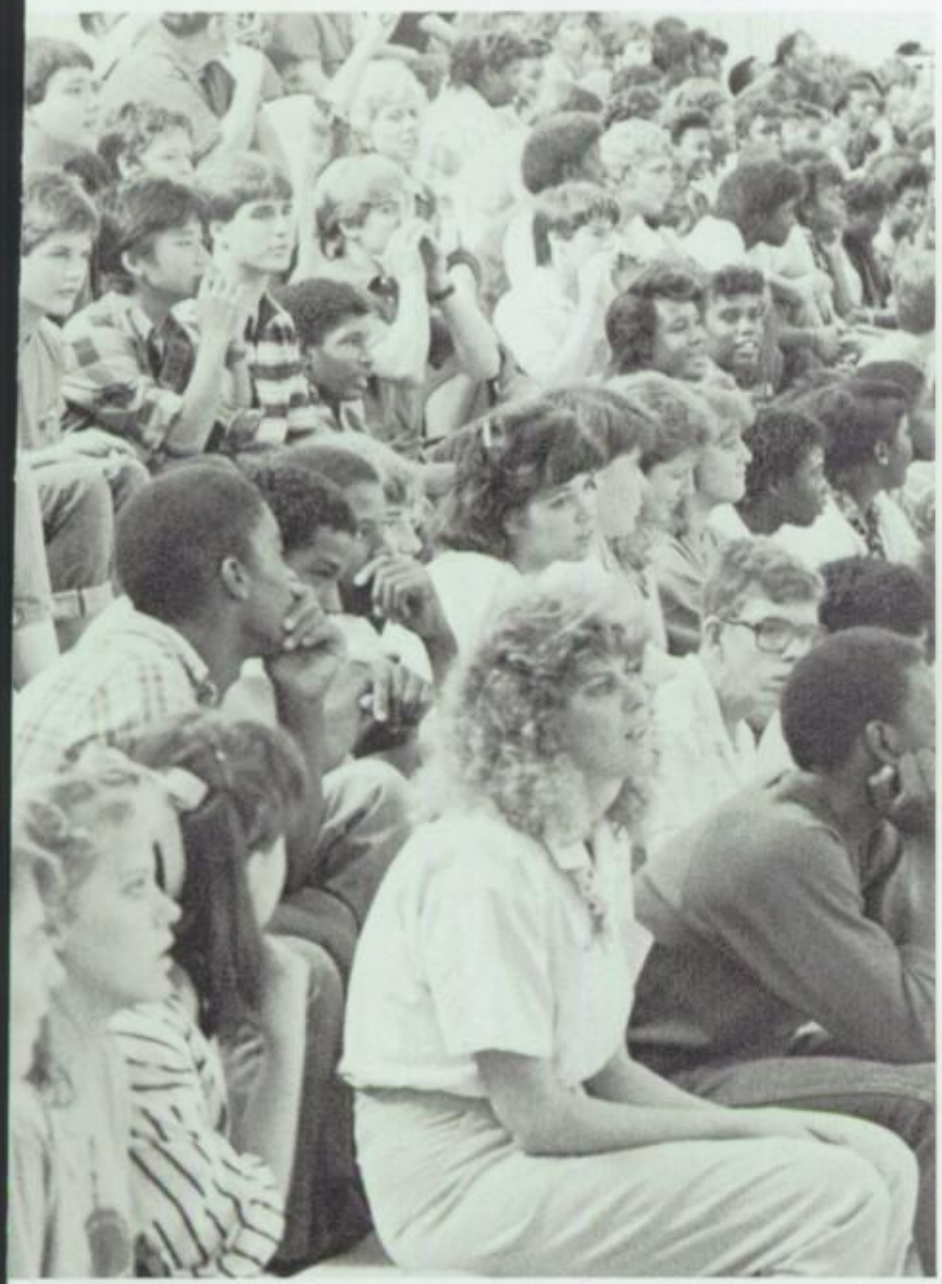
May I go, may I go, may I go? This was one of the most asked questions by the students at Byrd. Jackets racked their brains trying to think of the best excuse to get out of class. Originality was a must. Senior Michele May was a pro at thinking of classic excuses to use like "I locked my keys in my car!" or "I left my lights on!"

Others thought of a more subtle approach to use. Tim Stinson, a sophomore, used the excuse "My throat is killing me!" Things like "I left my book in my locker." or "My counselor stopped me in the hall." failed to work again this year. However, there were many legal reasons for students being out of class, like the pep rallies, getting senior rings, and giving blood, just to name a few. Think of the fun at the REVEL!

PLEASE, PLEASE, PLEASE-Students pleaded with Mrs. Lamendola for a pass to get out of class.



EXTRA, EXTRA-Jill Parker, David Putch, and Todd Bordelon sold High Lifes during first hour.



GO JACKETS-Students got down at the victory pep rally.

WILL IT HURT-Cathy Crow reassures a student that giving blood is not that bad.

WE ARE JACKETS-Jennifer DePriest cheers on the team at a pep rally.

I LIKE IT-Calvin Lester and Stacy Miles tried on their rings for size.

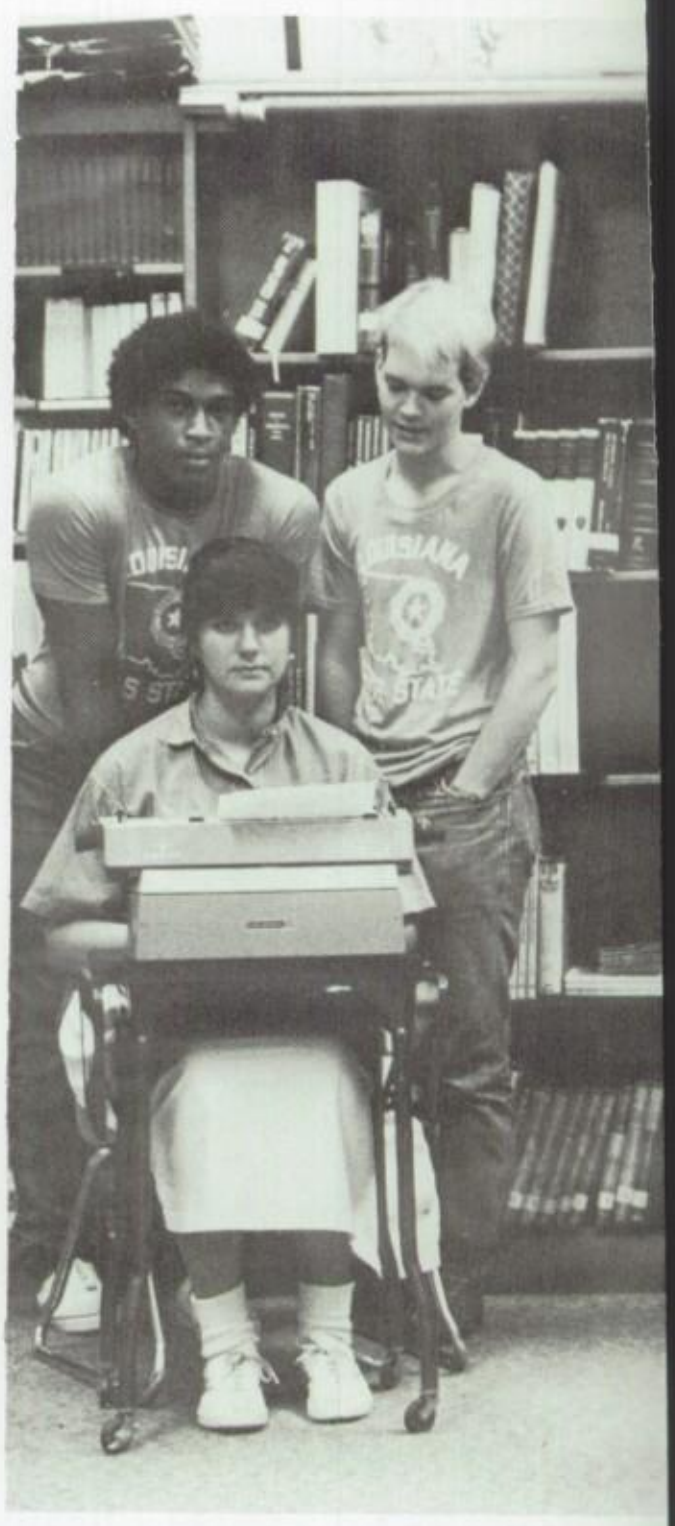
Leadership

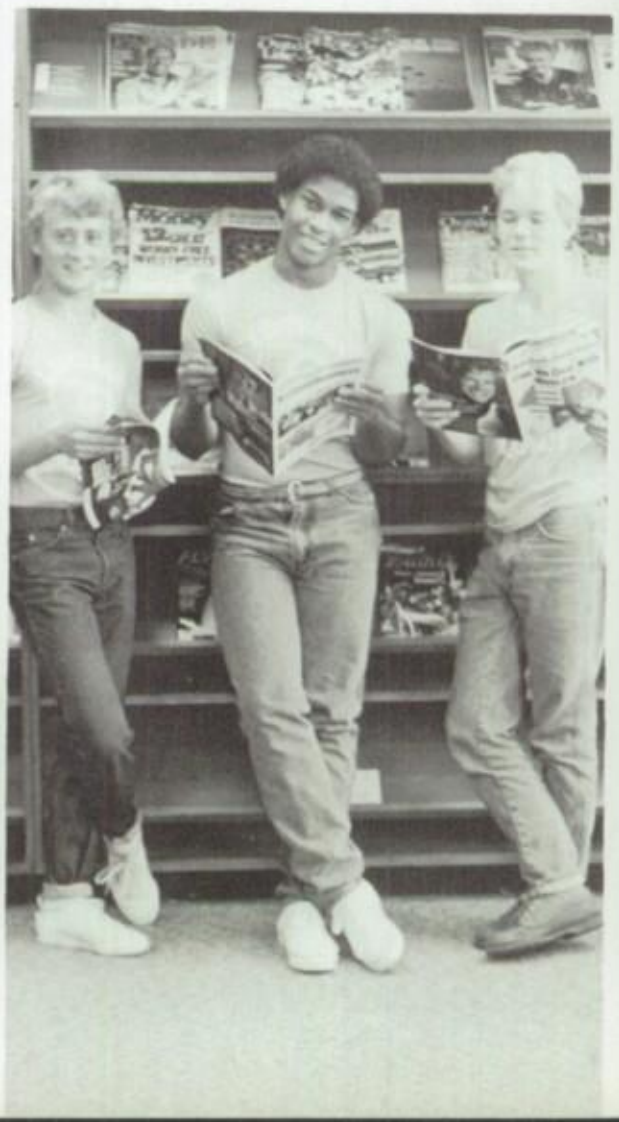
Leadership is surely something that we had plenty of here at C.E. Byrd High School. It seemed like every day some worthy Jacket was receiving much deserved praise for an incredible achievement. From science fairs to speech tournaments to athletic events, Byrd students had the market cornered on good deeds.

Juniors of 1985-86 attended Pelican State to represent Byrd in fine fashion. A few select Junior boys and girls attended this week long leadership seminar to learn exactly how the governments of states are run. The students were able to run for office using authentic campaign techniques and parlimentary procedure.

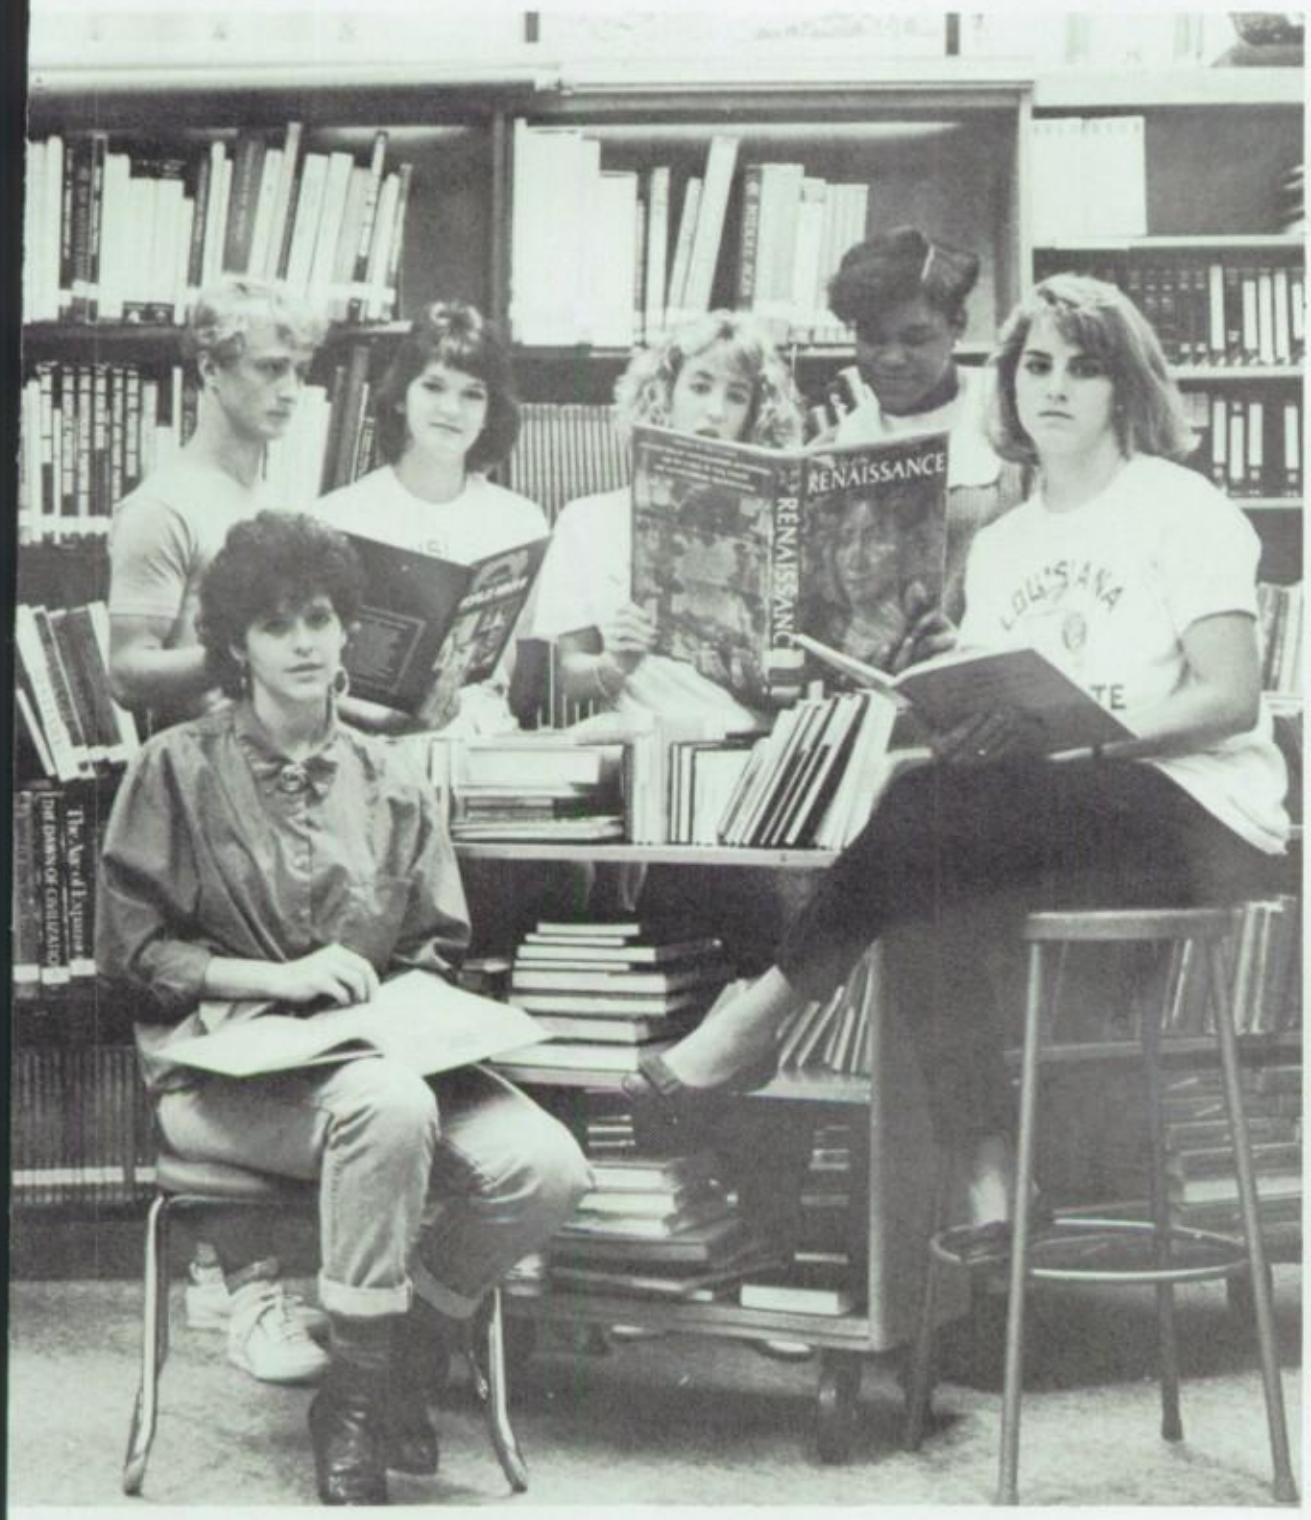
Yet another leadership seminar was held all day in the Byrd High Gym with Mr. Phil Gugliuzza, or just "Mr. Phil", as the instructor and motivator. He provided Jacket leaders with a contemporary yet compassionate view of the problems and joys of being a student leader in modern High Schools. "Mr. Phil made me feel good about myself and about my future contributions to my world" Senior, Patty Holt said, "He also made me want to listen to every suggestion I'm given as a leader." Mr. Phil conducted several "fun" tests to show students how social and governmental groups form. He used the things that students had in common to unite them, and give them a common goal to work toward.



GIRL STATERS: Senta Gilliam, Patty Holt, Alisa Politz, Jennifer Allen, Pippy Jamison, and Mary Farmer.



BOY STATERS: Harold Johnson, Willie Demming, and Art Evers.



PELICAN STATE: Delegates put governmental skills to good use.

MR. PHIL GUGLIUZZA, gave an enthusiastic speech about leadership to Byrd students.

LEARNING LEADERSHIP: Students were actively involved during the workshop.

Out Of Shape

Old cars, wild hairdos, and a backward clock were some of the things which seemed out of shape at Byrd. But were they really? Wild hairdos were in style this year. Old cars were brought back and looked really awesome. Mrs. Connie Feldman had a backward clock because she said "I like it that way." Bodies were punished for not being in shape, shoes took on a different shape, and broken bones put many people out of shape.

Even though some things were out of shape, Byrd was in tip-top shape. After years of plaster falling, radiators banging, and water fountains that wouldn't work, Byrd began to function perfectly after the renovation. New bleachers were put in the gym, the auditorium was redone, walls were taken out to widen offices to better suit the administrative staff, and a landscaping project was begun. All in all, Byrd was in pretty good shape.

CLASSIC- Susan Stalnaker and Molly Magee showed off Susan's old car.

WILD- Hairstyles like these were seen on students at Byrd this year.

STRETCH-Cassandra Sojka always stretched before a pep rally.

CRUTCHES-Broken bones put many students like Paul Berry on crutches.

TIME-Mrs. Feldman's students had to tell time on this clock.

FASHION-Marshell and Sauny often wore their stylish shoes to school.

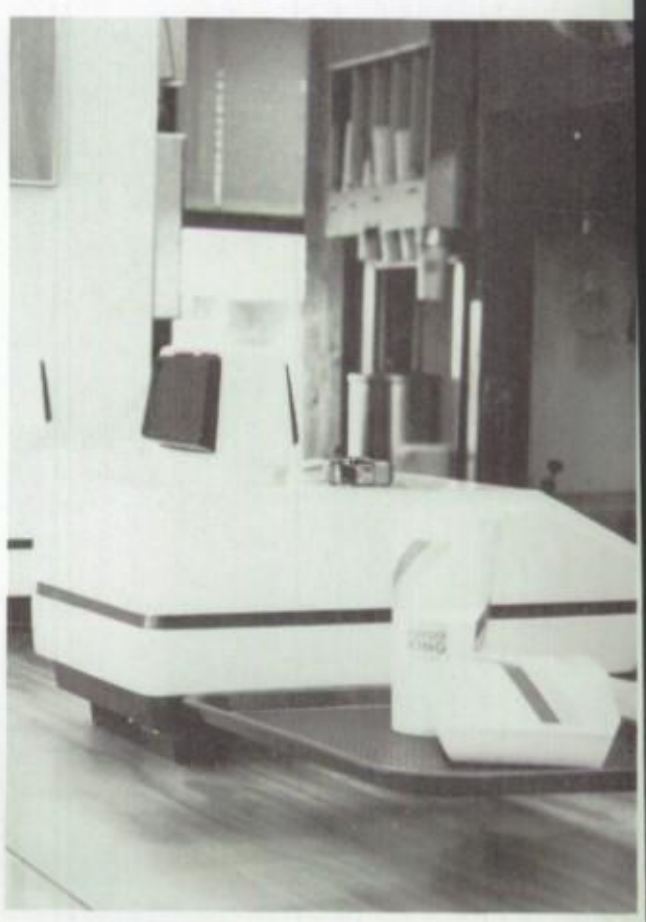
After School

Eating, sleeping, working, practicing, or just hanging around: that was life after 2:15 for the students here at the City of Byrd. Junior Sam Denton cleaned cars at Nick's Auto. "It's a living," he commented. While Sam was busy cleaning cars, our super great football team, pep-squad, dance line, and cheerleaders were also busy practicing for the Thursday or Friday night games.

Unfortunately, some students weren't as enthusiastic as others, so they just went home and "crashed" while others were busily scratching away at hours of homework.

Teachers also had a part in the after school life. Some coached football, baseball, basketball, or soccer while others were busy planning tests or another week of homework. There's no doubt about it, no matter what our mighthy Jacket citizens are up to, it is almost always fun!

THE MAGIC OF IT ALL- Senior Danny Stewart painted the magical wizard to be used for the backdrop at Homecoming.



I'M WORKING ON IT- Sophomore Joe Geter was still deciding what he was going to do after school.

HURRY!!- The only thing keeping this Jacket junior Jeff Faludi from leaving was football practice.

WORKING HARD- Jill King, junior, spent her after school time working at Burger King.

A LONG NAP- That's just what this Jack-needed before a long, hard day at football practice.

OUT-RAGEOUS!!

Seniors Of 1987

TO THE SENIORS OF 1987:
"IF"

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired of waiting,
Or, being lied about, don't deal in lies,
Or, being hated, don't give way to hating,
And yet, don't look too good, nor talk too wise;
If you can dream-and not make dreams your master;
If you can think-and not make thoughts your aim;
If you can meet with triumph and disaster
And treat those two impostors just the same;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run-
Yours is the Earth and everything that's in it,
And-which is more-you'll be a man, my son!
-(excerpt) by Rudyard Kipling.

Seniors Of 1987

Seniors Of 1987

REFLECT: 1987

For the Seniors of 1987, this year has been significant and sentimental for many reasons. Not only did it mark their last year at Byrd High School, but also the first "Year of the Jackets". As these Seniors walked down the halls of this school they had grown to love, the nostalgia they felt was probably unequaled in their lives. The Seniors of 1987 have learned what it takes to really be able to call yourself a Byrd Yellow Jacket. They, as 60 classes before them, will always be a part of everything that is The CITY OF BYRD!!!!!

WHO DO YOU LOVE?-These Jackets Knew our year of 1987 was truly the best ever and really Number One in every way!

MARCH ON-Students could always count on Mr. Roy Thomas to enforce the rules in rain, sleet, or snow!

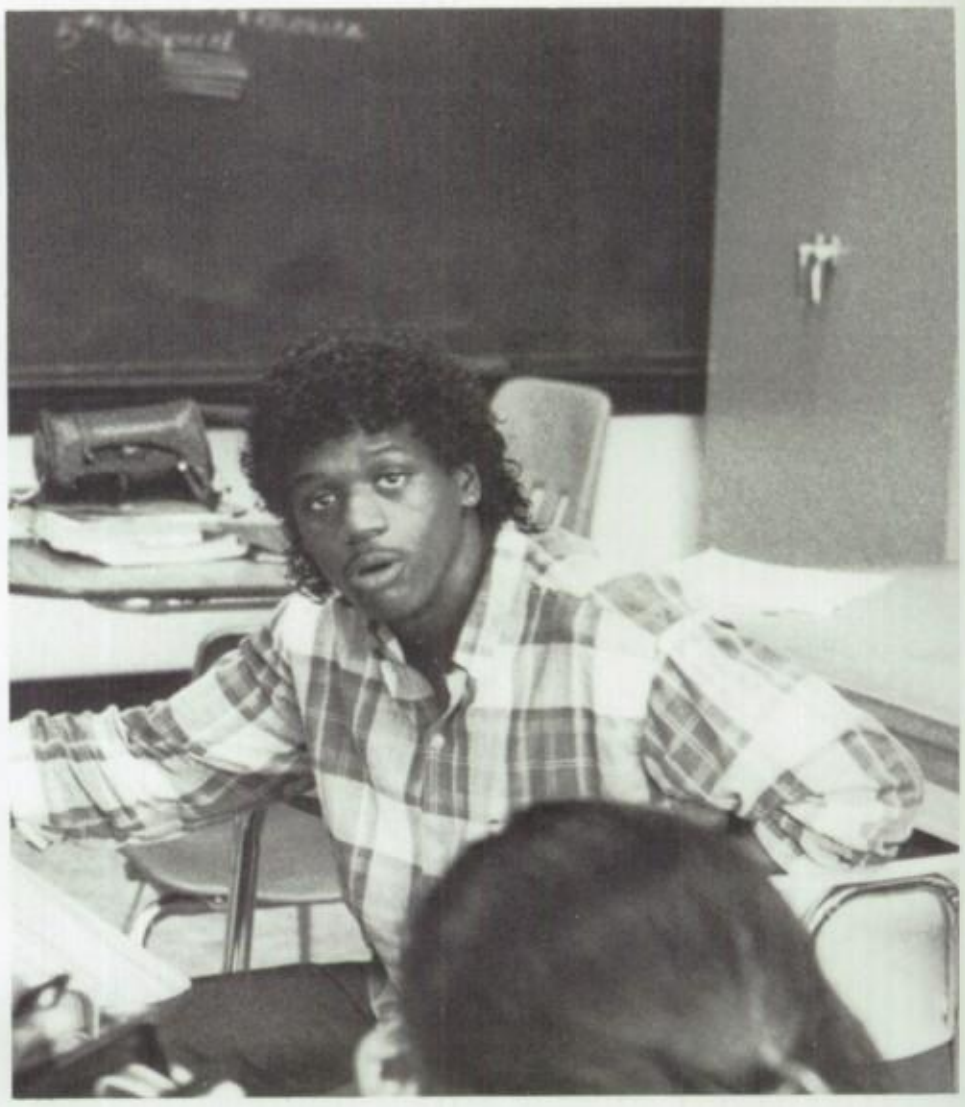
IS THAT JACK?- Alisa Politz and Keely Verges displayed some winning spirit at a pep rally for the mighty Jackets.

THAT CAN'T BE JACK!!- The "Jacket Bug" was a good luck charm as the Jackets "drove" on to victory!

A CIRCUS OF FUN- Patty Holt was really geared up for this snapshot as she and many balloons appeared as the circus fat lady in yet another children's play.

A PENSIVE MOMENT- This student took out a moment to just sit and think about the answer he needed.

HOME AT LAST- Bubba Johnson and Sheri Moore made their way through the parking lot after the 2:15 bell rang.



KEVIN

Ms. Lynne Fitzgerald

When the doors of Byrd opened for the first day of school, students found something out of the ordinary. They were greeted by the first lady principal Byrd has ever had, Ms. Rose Lynne Fitzgerald. Ms. Fitzgerald was not new to Byrd, however, she had served as assistant principal since 1984 and is a 1961 Byrd graduate. She received her B.A. degree from University of Arkansas and her M.A. degree from Louisiana Tech. When asked how she felt about this year, she said, "Great! The student body came back with a good attitude and the staff came back supportive."

According to the sentiments of the student body, this out of the ordinary lady has done an excellent job as principal.

GO JACKETS GO- Mrs. Fitzgerald watches the danceline perform at a pep rally.

PASSING ON RANK-Mrs. Fitzgerald and Mrs. Marsalis up cadet James Marsalis rank.

COMPUTERIZING GRADES-MISS FITZGERALD and Miss Rhodes were fast at work trying to get grades out on time.

WORKING HARD- Miss Malone takes a break from her busy schedule to say "Hi."

IN TROUBLE AGAIN?-Mr. Thomas caught Darren Rogers out of class without a pass.

Assistant Principals

Mr. Roy Thomas, assistant principal in charge of administration and displine, was not new to Byrd when he returned this year. He had taught here from 1974 to 1984. He returned to Byrd after being assistant principal at Broadmoor Junior High. "I am happy to be back at Byrd and be a Jacket again." Mr. Thomas got his B.S. degree at Grambling, and his M.S. degree at Southern University. He spent 2 years in the service and was stationed in West Germany. He still serves in the active reserves.

As Administrative Coordinator, Mr. Tom Cathy was responsible for the day to day organization and operation of all school activities. His main task was supervision of extra curricular activities. Mr. Cathy worked closely with students on the Advisory Committee, student organizations and service clubs and all fund raising activities. When asked what his thoughts about Byrd this year, he replied, "Byrd students have that re-newed feeling of pride in the standards of excellence with which the students and teachers of Byrd is associated."

Miss Jerry Malone, assistant principal in charge of curriculum and instruction and the Math/Science Magnet, has been at Byrd for 27 years. She graduated from Byrd, did her practice teaching career at Byrd. She has never taught at another school. For the last 7 years, she has been assistant principal, and for the last 3 years has worked with the Math/Science Magnet program. Miss Malone also works with the registration and recruiting of students.

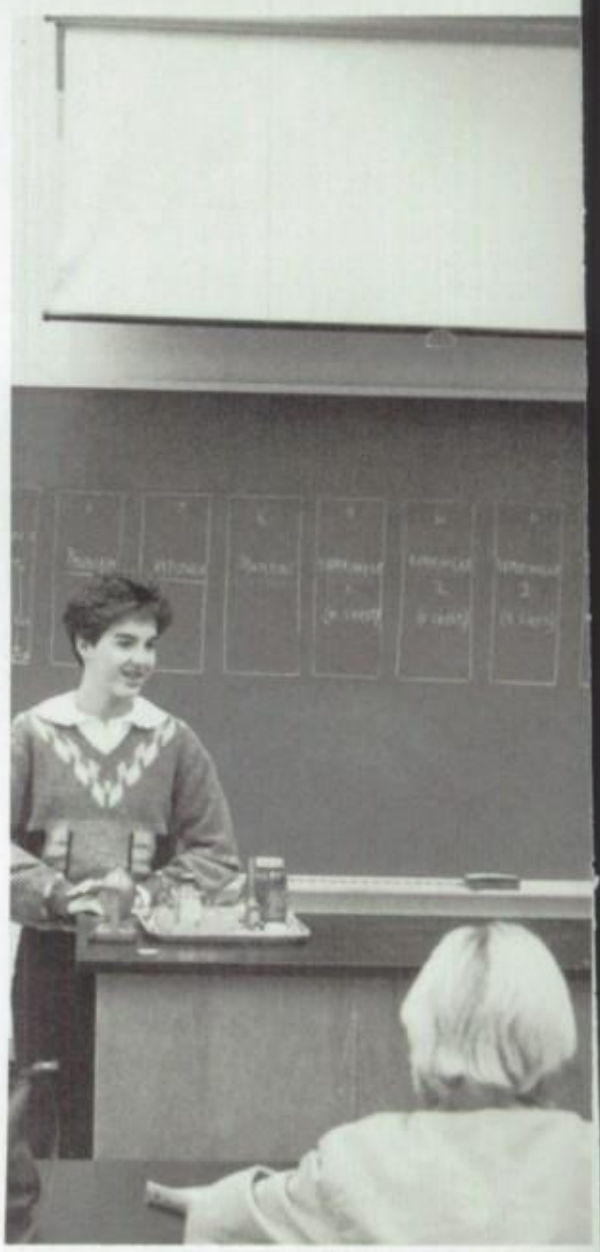
Junior Medical League

The Junior Medical League, co-sponsored by Mrs. Clara Welbourne and Delia Hamilton, worked hard to accomplish their goals this year. The club was led by Amy Young, president; Tamesha Evans, vice-president; Bryan Stewart, treasurer; Charles Griffith, secretary; Bobby Dugan, assistant secretary.

The purpose of the club was to teach about the medical field. Guest speakers like Dr. Black from LSU Medical Center came to talk about different diseases including AIDS. When asked why she joined, Erica Brown answered, "I joined Junior Medical League because I wanted to become familiar with the current events in the medical field." When other students were asked their reasons for joining, most of them said that they just thought it would be interesting and rewarding.

1st row- Crystal Berry, Tamika Session, Noel Leon, Bobby Dugan, Theresa Mims, Laurie Pope, Amy Young. 2nd row- Erica Brown, Chris Riser, Nakeba Demming, Johnnie Strange, Roselyn Kinsey, Kelly Jones. 3rd row- Chris McFadden, Nathan Lewis, Delon Williams, John Hutto, John Hardison, David Putch, Colleen Carte, Conner Nicholson. NOT PICTURED- Kim LaFleur, Chris Landman, Casey Jones, Katy Hendrix, Victoria Franks, Molly Creech, Tangela Peterson, Gayun Matthews, Angela Smith, Elaine Johnson, Marc Soileau, Mark Baxter, Arlenzia Hicks, Ronnie Jordon, Stephanie McCray, Lane Lightfoot, Sandra Lewis, Ravoyol Land, Tadarren Jackson, Michelle Procell, Ashley Andrews, Rosalyn Bell, Traci Graham, Monica Whitcome, Eugene Britton, Lance Storey, Paige Rutledge, Tina Maddox, Constance Jones, Mark Stephens, Tony Seely, Michael Ephrain, Chris Umphress, Andy Hernandez, Reginald Love, Margaret Williams, Rachel Moran, Chris Gaddis, James Grant, Jason Bland.

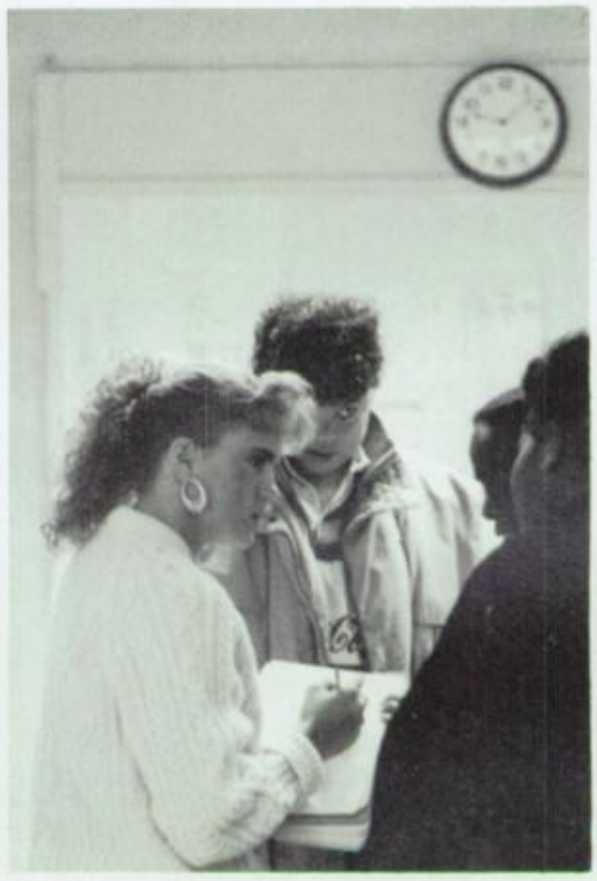
UP THE ROAD TO MONEY- John Hardiso junior schemes his way through class.



ATTENTION- President Amy Young opens Junior Medical League with a brief chat.

KELLY JONES waits patiently for the announcements of the Junior Medical League.

A HELPING HAND-Victoria Franks discussed the plans for an upcoming event.



OVERWHELMED-Crystal Berry showed her enthusiasm after a speech given by Dr. Black of LSU Medical Cneter.

SPONSORS-Mrs. Delia Hamilton and Mrs. Clara Welbourne co-sponsored the Junior Medical League.

Math/Science Magnet

The Math/Science Magnet Program was a very special one built on high educational requirements and outstanding learning opportunities. The program prepared students for college by offering courses, computer literacy, trigonometry, and expanding the regular curriculum.

Ms. Jerry Malone, and Glenda Johnston worked very hard to make everyday fun and enjoyable in the program. The magnet teachers were dedicated to their classes and worked very hard to give students the best education they could possibly have. The Math/Science faculty members were Mr. Hal Meekins, Mrs. Clara Welbourne, Mrs. Jacque Treese, and Mr. Joe Brandell.

The students and teachers brought many awards and honors to themselves and Byrd.

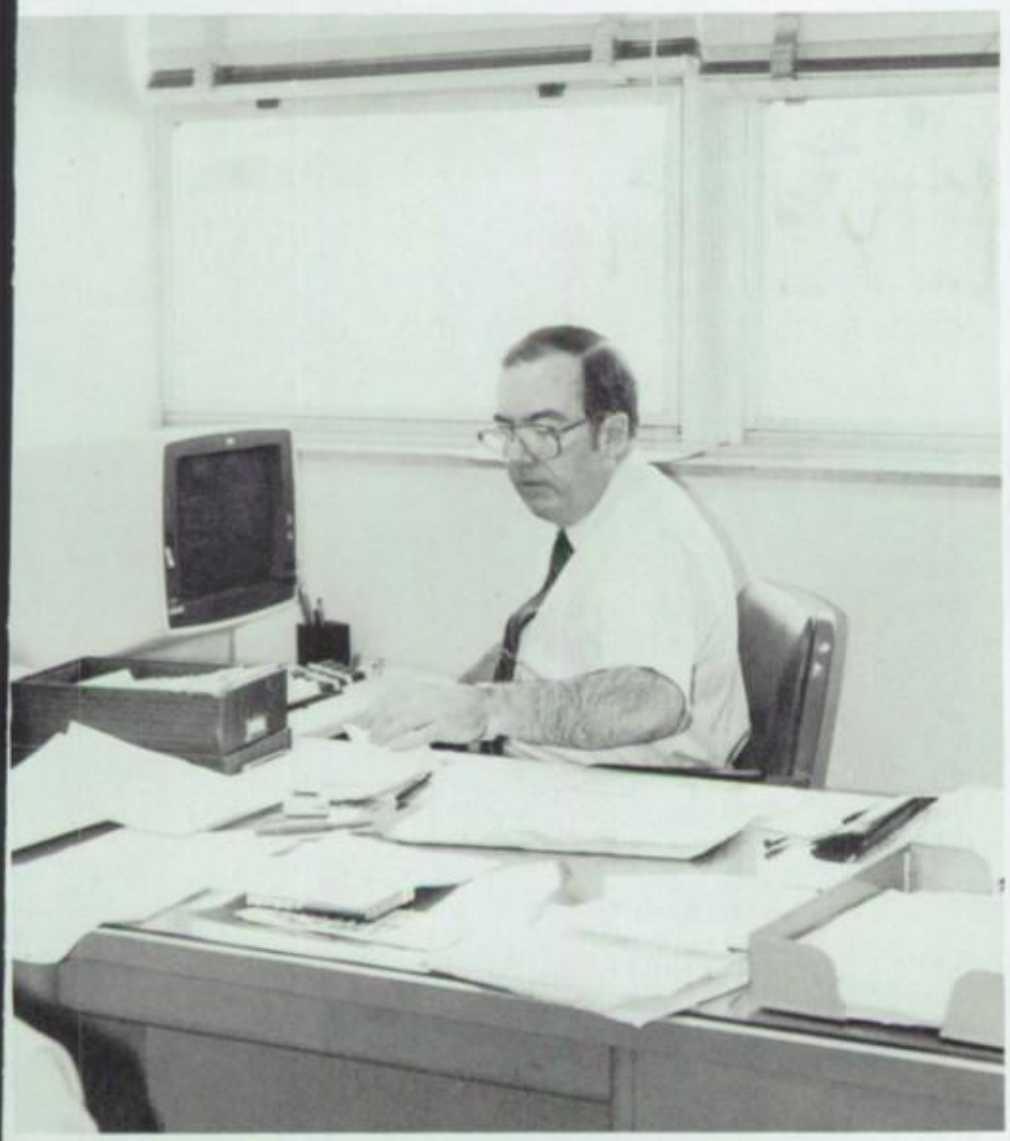
Math/Science students worked diligently to keep up with their work in their classes.

Mrs. Johnston and Mrs. Malone kept on top of activities to help the student body.

Mrs. Treese helped Lance Storey with a perplexing program, during her computer class.

Mrs. Welbourne lectured to her third hour Biology class on replication of DNA.

Mr. Williams worked at his computer, examining grades for the nine weeks.



Counselors

Counselors, what would we do without them? Anytime any student had a problem, the doors to either Mrs. Glenda Johnston, Mrs. Shirley Rhodes, or Mr. Sid Williams were always open. The counselors of Byrd worked hard to make students schedules just right or help them with the smallest personal problems.

Mrs. Johnston helped magnet students by checking her computer to make sure everything was on the right track. Mrs. Rhodes, a new comer to Byrd, could be seen with her bright and cheerful face working diligently with students in the "Counselor's Corner." Mr. Williams worked especially with seniors keeping grades and college requirements under a concerned and watchful eye.

Each and every counselor did their best to further the education and personal needs for the students each school day. Our counselors were quite out of the ordinary.

Mrs. Rhodes worked productivly on events for the student body.

Mrs. Johnston checked through her records to make sure everything was on the right track.

Yes, They Were Our Favorite Teachers

Byrd teachers were always on top of things at school, Their willingness to help every student made them very special. Gusher and High Life sponsor, Mrs. Bowdon, was always ready to help her students with layout or copy problems. She added her humor as an incentive to meet deadlines. She represented all teachers at C.E. Byrd. No matter what the circumstances, our teachers were prepared to help.

All teachers and classes were a joy to be associated with. Mr. Thomas was always willing "to be frank" with his math classes. Elective courses were sometimes the most fun to attend. Students learned basic typing skills in Ms, Dodd's class, as well as discovering the importance of exercise in Coach Thrash's gym class. No matter what the subject was, whether it be geometry and biology, or French and Spanish, Byrd students received the very best education from the very best teachers.

All members of Byrd's faculty played a major role in the upkeep of our school. Mrs. Dupont was always hard at work in the office helping students check in, typing business letters, or answering the phone. Ms. Donald was often seen counting money for school fund raising projects and keeping financial records straight. All of our workers kept the school running smoothly.

Byrd secretaries were always willing to help teachers with difficult paperwork or just a simple problem with records. They were continually ready to assist teachers and other members of the faculty with school activities. They had a very difficult and tiring job, but they never quit working.

SURELY, YOU JEST! - Coach Taberlet gave one of his "looks" to a student because of a bad joke.

YOU TWIST IT LIKE THIS . . . -Mrs. Lamendola discussed upcoming plans for 1987 with FCA members.

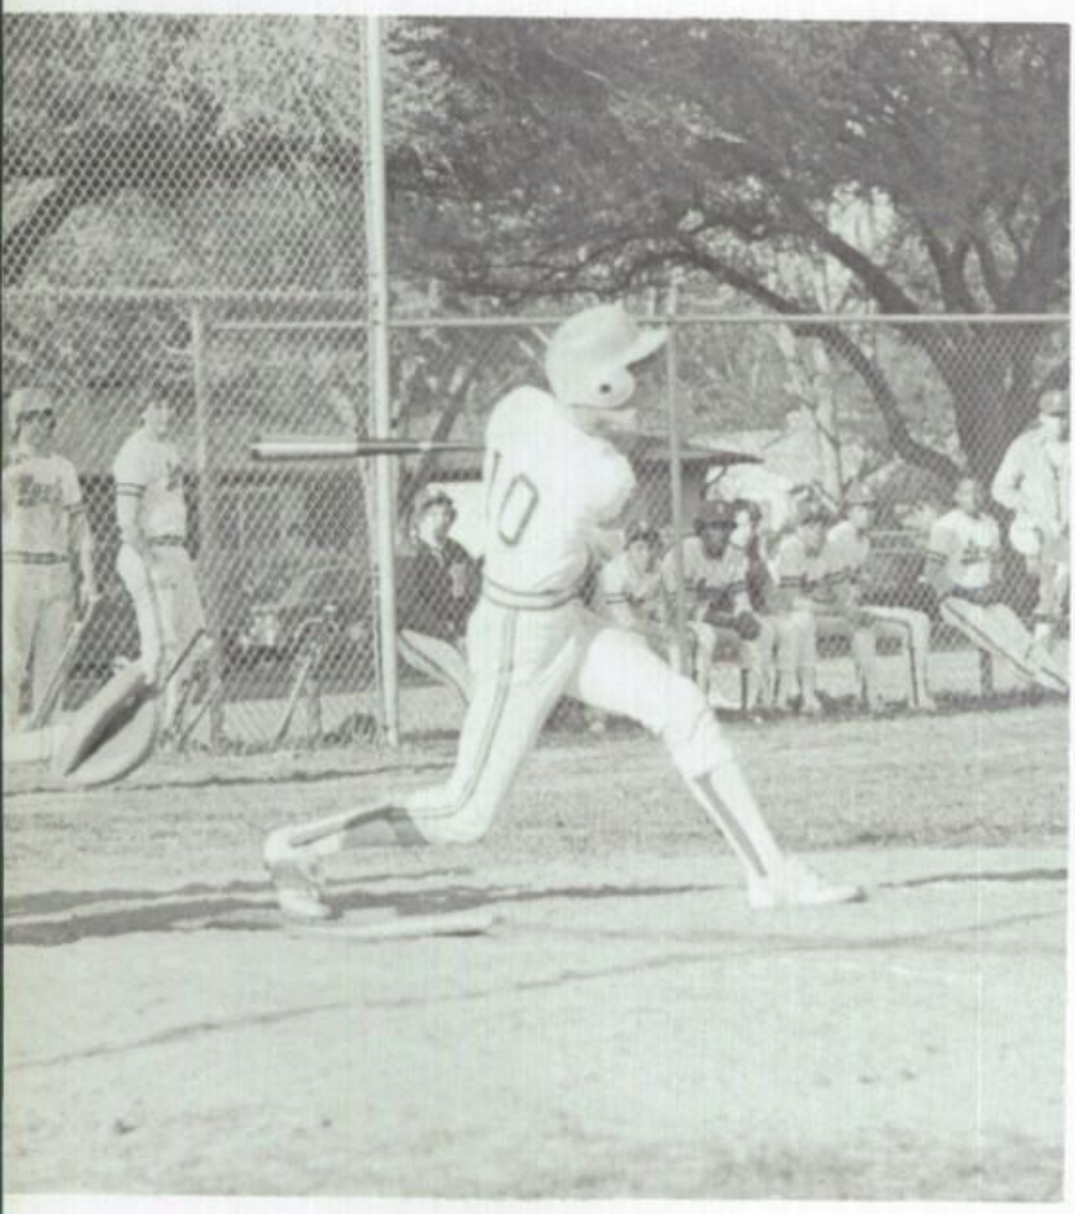
Throwing Curves

Pop tests, basketball games, baseball games, and the Miss Byrd High Pageant were all examples of how life at Byrd threw some big curves. "Always expecting the unexpected" and "always on the ball" were two very good statements to describe the students at C. E. Byrd. Anything from the realistic curves of geometry to the surprising curves thrown by Mrs. Welbourne such as pop tests or quizes, students at Byrd took these turns of life, these most unanticipated moments, in stride. Life got hectic and situations got tough, but when the going got tough at Byrd, the Yellowjackets got tough and got going. We lived and loved these times, when the Jackets conquered an unexpected situation and made the most of it. Whether it was a Basketball game with a perfect hoop shot, or a baseball game where we hit a homerun, the Jackets always came out victorious. Life threw some pretty big curves, but it wasn't anything the Jackets couldn't "straighten."



GRAND SLAM - John Rutledge made brilliant contact with the baseball.

UP, UP, AND AWAY - Coach Wagnon stood back and watched his hoop shot fall.

BOARD WORK - Karin Lindabury mastered the art of finding the center of a circle.

C. E. BYRD - The beautiful archs of the front entrance opened its' doors to its' students.

RUNNER UP - Ratchel Hatcher, first runner-up last year in the Miss Byrd Pageant, was thrown a different kind of curve.

ANYTHING BUT THIS - Mrs. Welbourne assigned an open book pop test to Stefanie McCray.

BENDING OVER BACKWARDS - Coach Brandell beat a rebel at a tricycle race.

Above And Beyond The Call Of Duty

After school practices and a lot of late night studying brought about those certain awards and rewarding emotions that helped make a person feel honored. Rehearsing French for festival brought a big accomplishment and a tremendous amount of awards for those students who competed at festival. The band stayed after school to practice their music for the pep rallies, football games and band festival.

Late night rehearsals helped the Drama Club produce their fantastic plays. The members of Quiz Bowl studied before and after school to prepare for their meets. All the members with organizations and activities around the school are to be congratulated for their hard work and accomplishments that contributed to the school. The Jackets went above and beyond the call of duty for their school C.E. Byrd.

Calvin Lester, Robert Crichlow, and Zack Bigner studied hard for a Quiz Bowl meet.

Chris Riser searched for a costume to wear in the play.

Ted Ingram worked hard on his project in science.

Lisa Ebarb modeled her Spanish dress for the camera.

Ana Lise Stickell, Sheron Frost, Nona Roach and Mary Farmer showed Mrs. Feldman their awards from French festival.

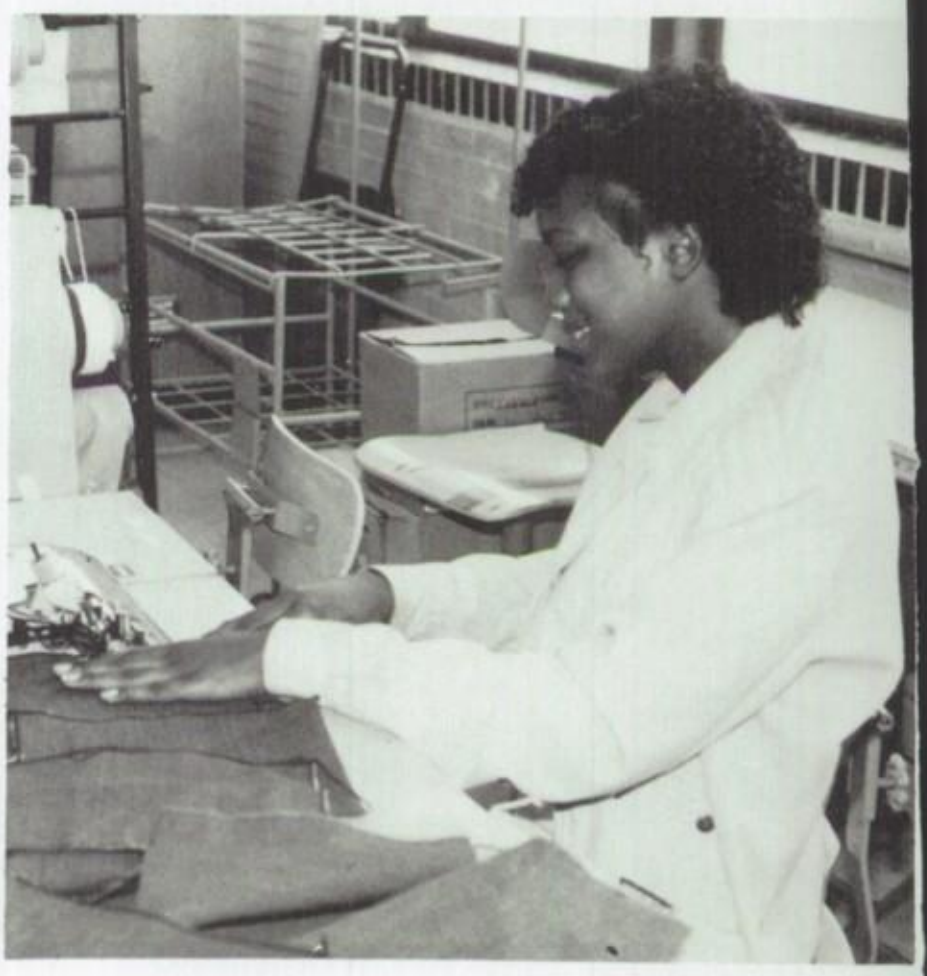
Members of the band stayed after school to practice their music.

Libby Choate and Londa Jordan read over their ads that were printed in the Shreveport Times.

Mechanical Advantage

Cars .... Bricks .... Fashions .... Foods .... CADDO CAREER CENTER. Caddo Career Center was the place for students who enjoyed sewing, working on cars and drawing. CCC is a vocational-technical institution for high school juniors and seniors who spent three daily periods there. Students earned a total of six elective units for two participation in the program. Richard Mutter, junior, said, "The Center taught me a lot of skills that I will use for the rest of my life." In addition, Byrd students enrolled in such courses as cabinetmaking, brick masonery, electronics, and carpentry. The Center offered a total of 22 courses enabling students from throughout Caddo Parish to experience hands on practice in chosen courses.

Jimmy Miller, hard at work on the printing machine.



Sewing class at CCC is one of the most popular in the students eyes.

Karen Lindenbary, Ellen Goodacre, Michael Williams, and Jimmy Miller talked between classes.

O.B. White is learned practical in the welding shop.

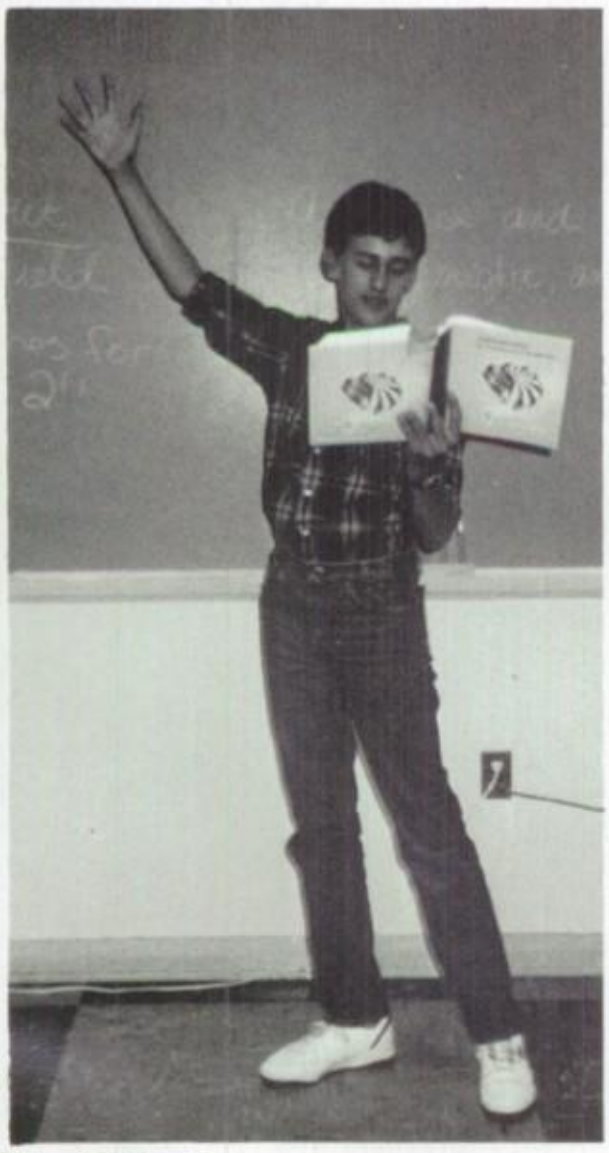
Taking a break is what these guys looked forward to.

The end of the day is near, but Ellen refused to quit before it is done.

Challenging Courses

The pep squad showed their hard w and spirit by practicing for the games c pep rallies.

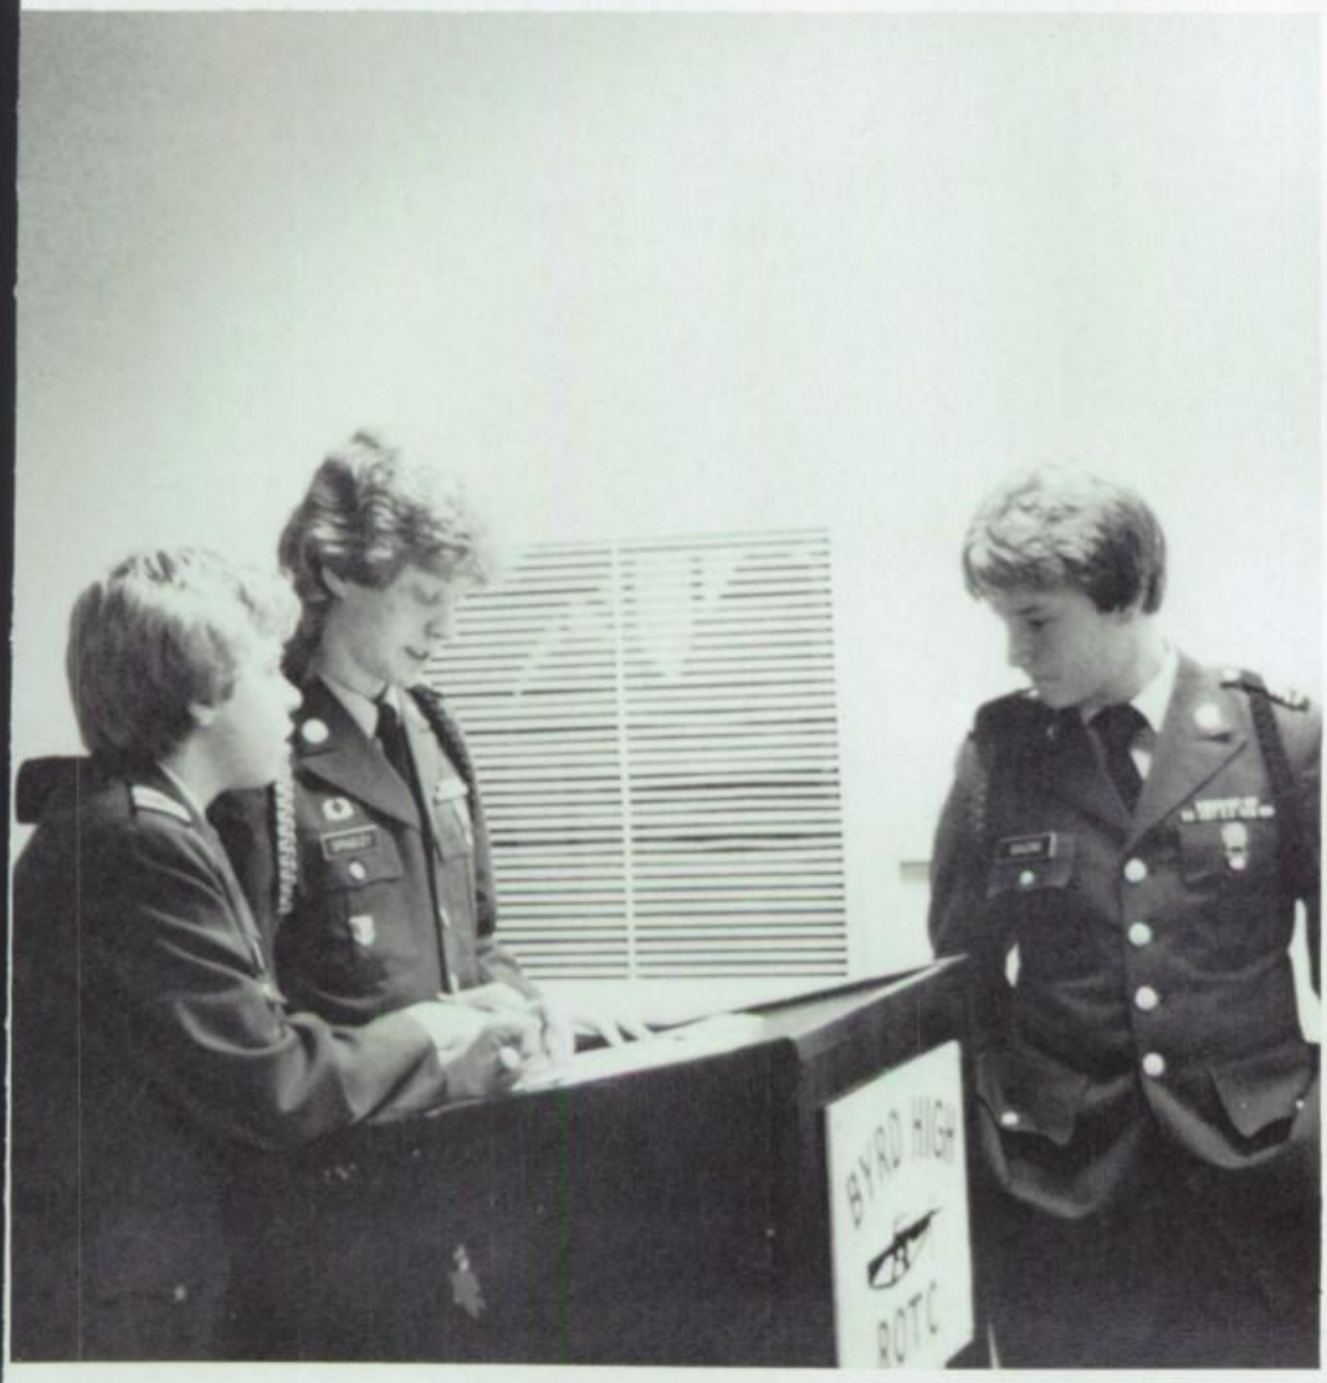
Challenging courses were those that required that little something extra. Chemistry classes concentrated on what chemicals to mix together to form the correct solutions. "The experiments are fun and interesting, but the rest is slow moving." said Alec Van Hook. American History students had to memorize what often seemed like countless numbers of people, names and dates. "You can get a good insight into the country we live in and how it came to be." said Nikki Williams. Geometry was challenging because you had to memorize axioms for proofs and know how to work equations and to work all manner of brain teasers. Basically, their abc's and 1,2,3's, but still, the students involved in these challenging courses had to really burn the proverbial midnight oil to keep up with the class. Being Jackets, they shone through!



Thomas Jones practiced hard to get his lines right in the dramatic story he had to do.

Mrs. Hamilton helped Nikki Williams with her microscope project she had to do by the end of class.

Making The Grade



ROTC SHOWS BEST- Several ROTC student cadets discuss their plans.

Many students often faced that problem of making the grade. They worried whether or not they would pass a class or spend the summer in school repeating a course. There were some students who found it easy to make good grades like senior Mary Farmer. "If you study you can make good grades," Mary said. And then there were some students who found particular classes somewhat difficult. We all knew the feeling of walking into a class on the first day of school and realizing that this course was not for you. "American History is real tough" said junior Jon Urban; "But you can make it through if you are willing to give it your all!" Giving it their all was something that the students of good old C.E. Byrd High had no trouble adjusting to. They were very used to putting forth the effort it took to make us the greatest. And there you have it, Jackets, as always our students rose head and shoulders above the rest!!

MORE ASSIGNMENTS- THIS student studied hard in the library . .

ONE PLUS ONE- Students worked hard to achieve in Mrs. Treese's Advanced Math class.

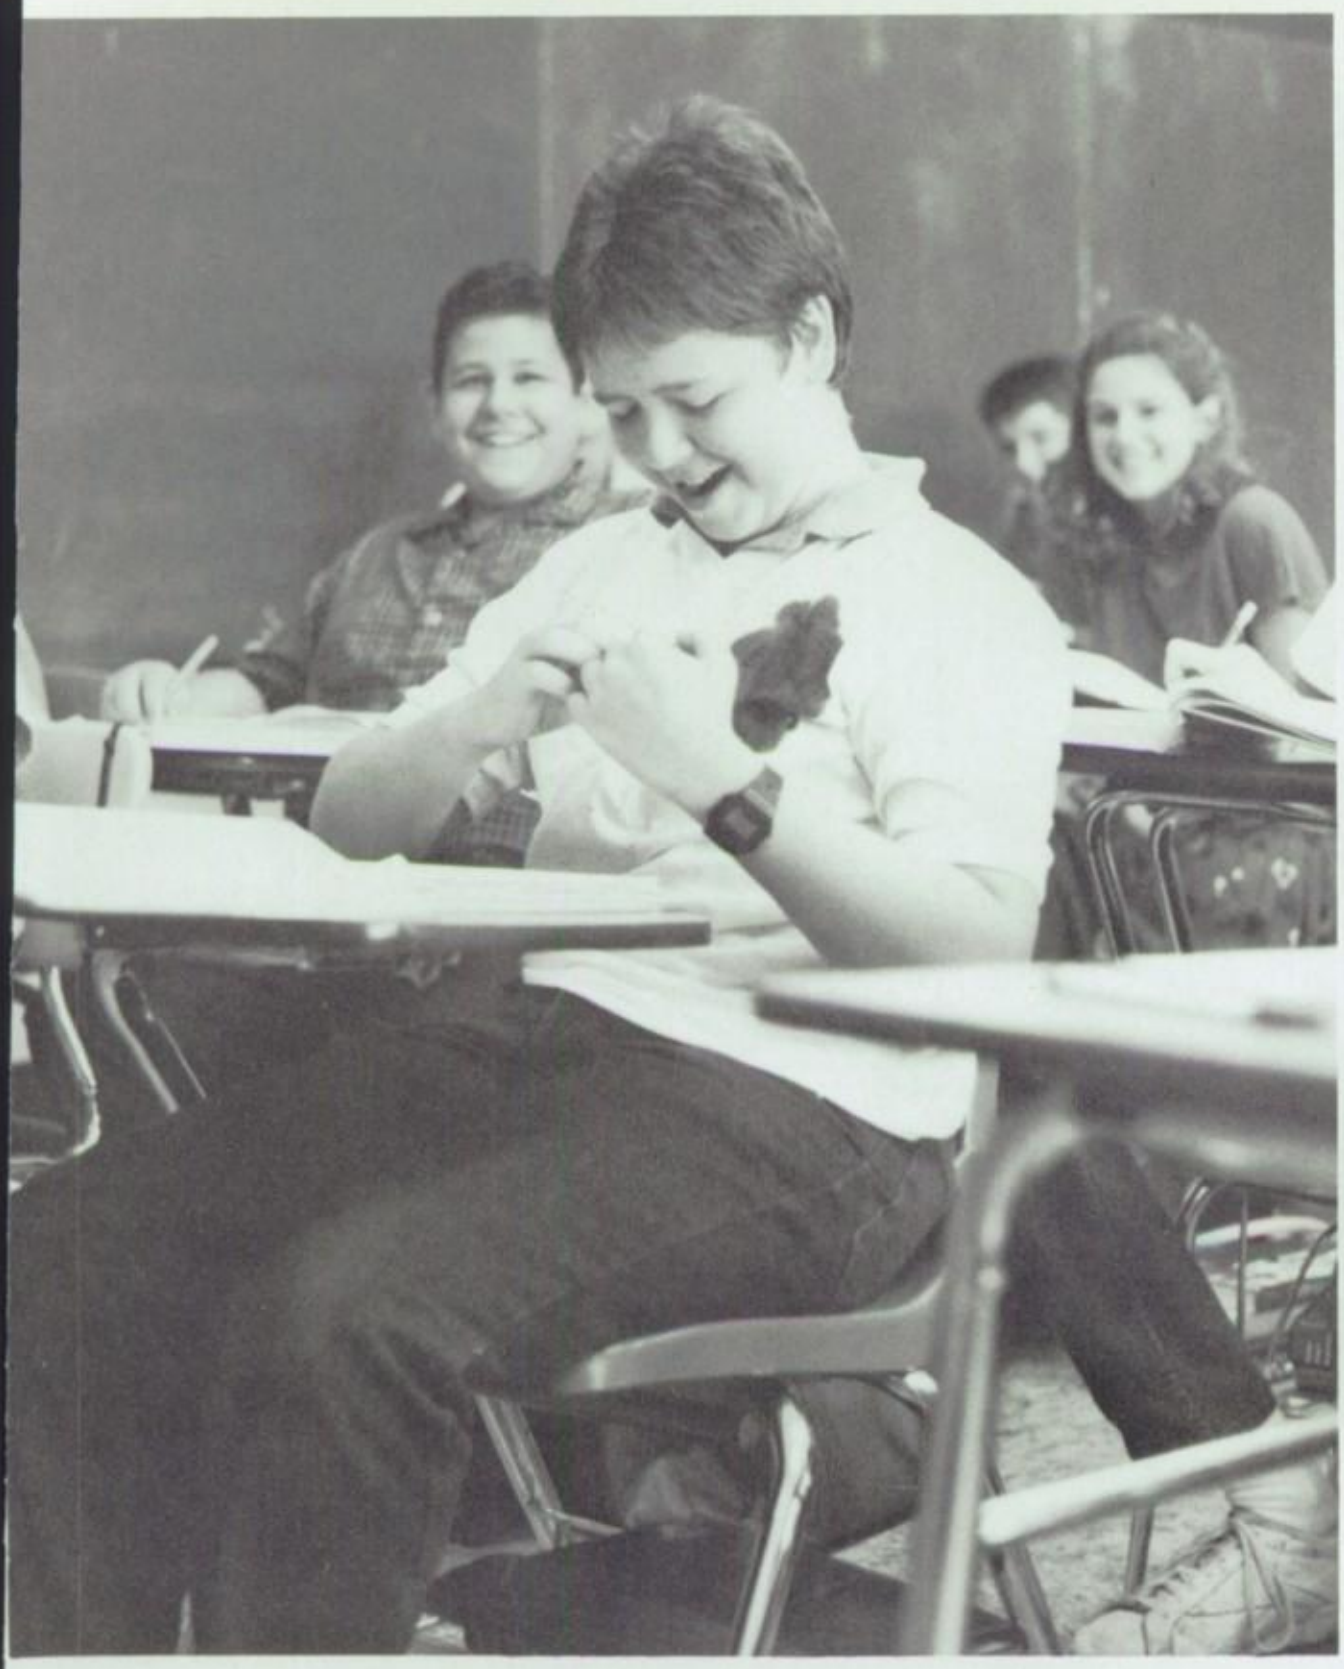
Academic Accidents

The world is such an imperfect place, and the City of Byrd did not escape the itchy fingers of disaster. Contrary to popular belief, Jackets are mortal and they make mistakes. Fortunately, though, Byrd students had the uncanny ability to see the brighter side of an embarrassing moment. Whether it was a flopped cake in Home Ec, books falling off someone's car as they drove away, or a ball point pen breaking, the Jackets always kept their heads held high and went on as if those small mishaps were there to keep the day from becoming boring. A frown never lasted long because sheepish grins kept creeping across Jacket faces.

Many a rosy blush was seen on members of the freshman class, and even the senior citizens of Byrd, the seniors, goofed now and then. But true to the Jacket tradition, all kept their chins up, their shoulders back, and pretended that the goof never occured. When lemons came our way, we made lemonade.

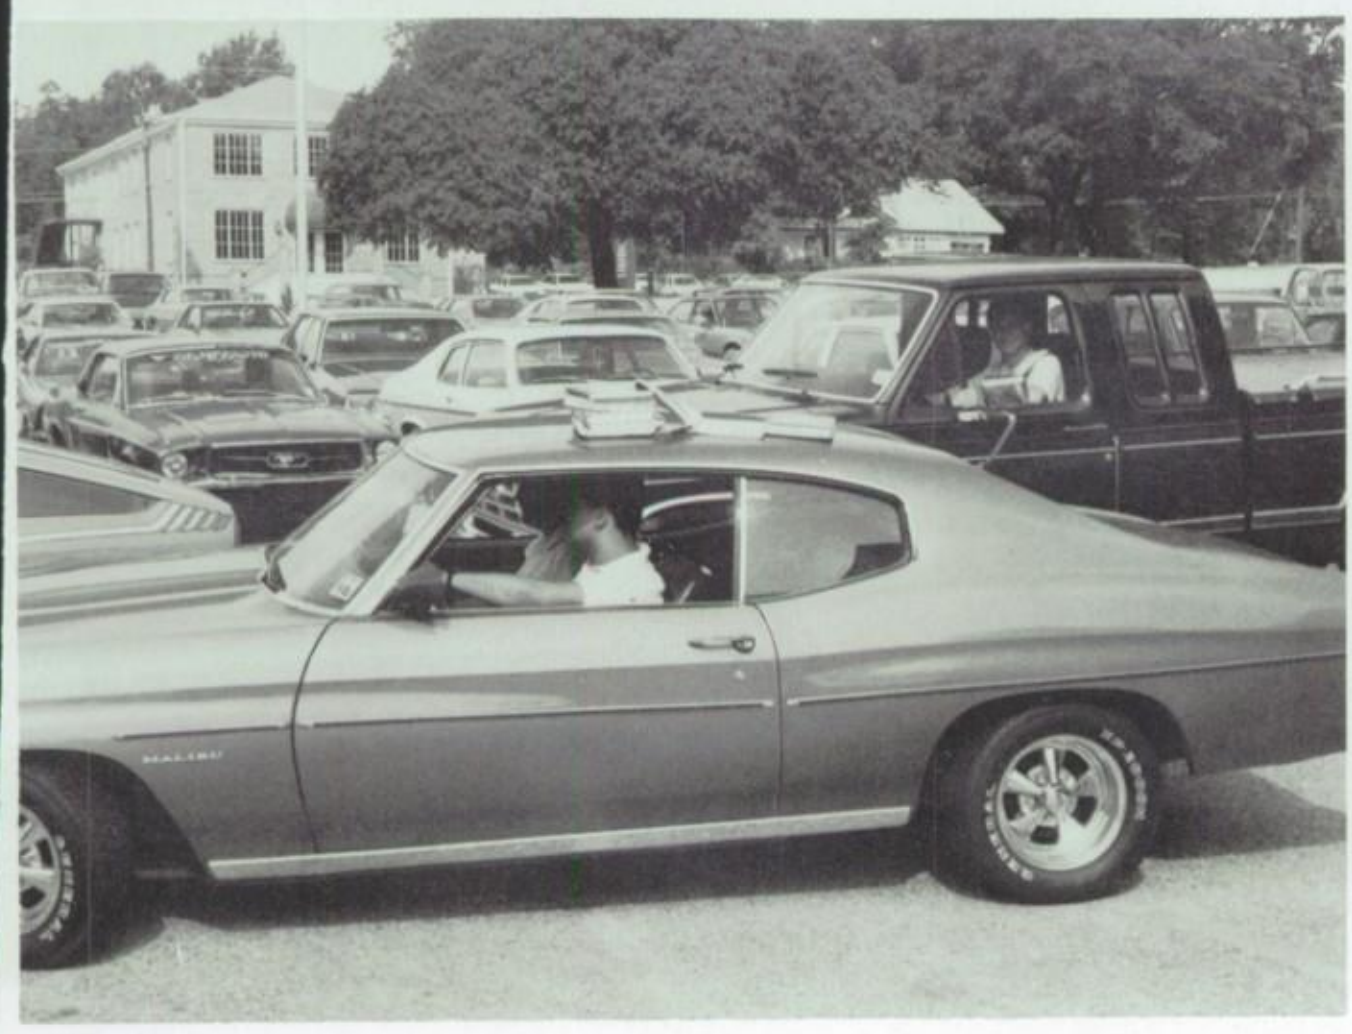
BAKERY BOO BOOS - Madeline Walker and Michael Williams in Home Economics didn't bring out of the oven the most beautiful cake ever.

AVALANCHE - Alana Floyd got stuck at h locker between classes with her books goir everywhere, but to class.



TYPICAL MONDAY - In class, Chris McFadden found himself quoting Lady Macbeth's, "Out, out damned spot! Out, I say!"

ONE OF THOSE DAYS - Melissa Therrell thought, "My skirt is locked in my car with my keys."



NO HOMEWORK TONIGHT - Bubba Johnson not knowingly drove away with some books on his car.

A MAJOR DOWNFALL - All Deanna Parker wanted was water, instead she lost her books.

Organizations

All Together Now Jackets!

Cheerleaders

Jackets-Sting'Em. Byrd High cheerleaders started off every pep rally with that familiar phrase. Led by Jamie Gardner, the cheerleaders raised the spirit level to a fever pitch. They ran onto the floor doing flips and cartwheels. Pippy Jamison eletified the crowd with her gymnastic skills. This group developed the pyramid to an art; who will ever forget their great huddle? The cheerleaders added spice to each pep rally and football game. They performed and made the cheers appear graceful.

Lots of practice went into making the cheerleaders what they were. Long hours of after school and summer practice took place. The cheerleaders attended a summer camp at Southern Methodist University, where they were rated superior and awarded the prestigious spirit stick.

EXIT

The C. E. Byrd Stingerettes helped spread the Jacket spirit throughout the school year. The pep squad consisted of a gold squad, purple squad, and a drum corps. Leading the B-Y-R-D cheer in the pep rallies, selling spirit ribbons, marching at games and parades were all willingly done to support their school.

All the girls had a great time. Pep Squad was always eager to help out when they were called upon for other special events like the Revel.

Without the guidance of Mrs. Pam Marr, the pep squad could never have made it through the year. She spent a large amount of her time getting the pep squad organized, explaining formations, and preparing for trips to parades. Mrs. Marr was known as a real friend to all of the members.

1986-87: News And Entertainment

As with most years. 1986-87 was filled with events that affected not only our nation but also our world. We observed the first anniversary of the Shuttle disaster, while at the same time we rejoiced in our constitution's 200th year. "HEADQUARTERS COMPANY"-Company commander James Brooks

Rifle Team

Mastering the use of firearms was the ambition of the Yellow Jacket Rifle Team. The Rifle Team, another special part of the ROTC at C.E. Byrd, is an organization created to further the knowledge of weapons and their use for both hunting and target shooting.

The Rifle Team does more than just learn about weapons, they compete against other high schools in Shreveport. The teams are receiving excellent training in firearms safety and marksmanship. Sgt. Huffman says, " Sense of responsibility and willingness to give up their time and energies along with their firing abilities are all qualities of which the cadets are chosen."

The club is divided into several teams, all of which fire using the National Rifle Association's tournament rules of competition. The outstanding shooters of the Rifle Team are: Adam Bell, John Stalnaker, Curtis Humphrey, Troy Mitchell, Shawn McCoy, and Mike Northington. The Rifle Team is another part of the fantastic organizations that make up our outstanding ROTC here at C.E. Byrd.

Boy's Drill Team

Drill Team

For over 50 years, this ROTC unit has been helping to build an image of an outstanding corps by allowing those cadets who have special abilities to use them to their fullest extent. We were happy to say that last year's quote from Drill Team sponsor Msgt. Raymond T. Dotson was still in good standing, this past year. He quoted, "The C.E. Byrd Drill Team was formed to benefit the cadets through competing with other cadets throughout Louisiana and the individual surrounding states. This brings honor to C.E. Byrd, the community, and the cadet."

ROTC is an excellent organization which also stands out among many here at our school. Like any other organization, it takes time and work, which is nothing that a Jacket can't handle, and handle it well they do.

I guess we could all see why Drill Team has such an excellent reputation and does stand out. Then again, anything that a Yellow Jacket takes part in will stand "out of the ordinary."

Pros

Lieutenant Colonel David Johnson said, "The Pros is an organization that was created for two major reasons; one, to prepare its members for college, and two, to help Byrd. There is a five to six weeks training course in which the cadets study how to prepare for college and how they can help Byrd. All the training is followed by an oral test that determines who gets in the organization."

The training consists of one-hour classes once a week after school. These classes include topics such as map reading, military symbols, tactics, and discipline. When these classes are completed the prospective members, called pledges, take the Pro test, which usually lasts three hours. The pledges are not, however, required to memorize anything other than the Pro motto, but are allowed to carry small notebooks that can fit in one's pocket. After passing the test the pledges are given a cold can of coke, to show that they are now members of the prestigious group known as the PROS.

"PRO CHAIN COMMAND"- Left to right: Colonel Mitchell, Joe Lucido, Clay Lowe, Flynn, Bryan Hoppe. STANDING: Benjamin Burney, Terry Clifton, Mrs. Jerry Malone, David Johnson, Rodney Montgomery, Danny Pierson.

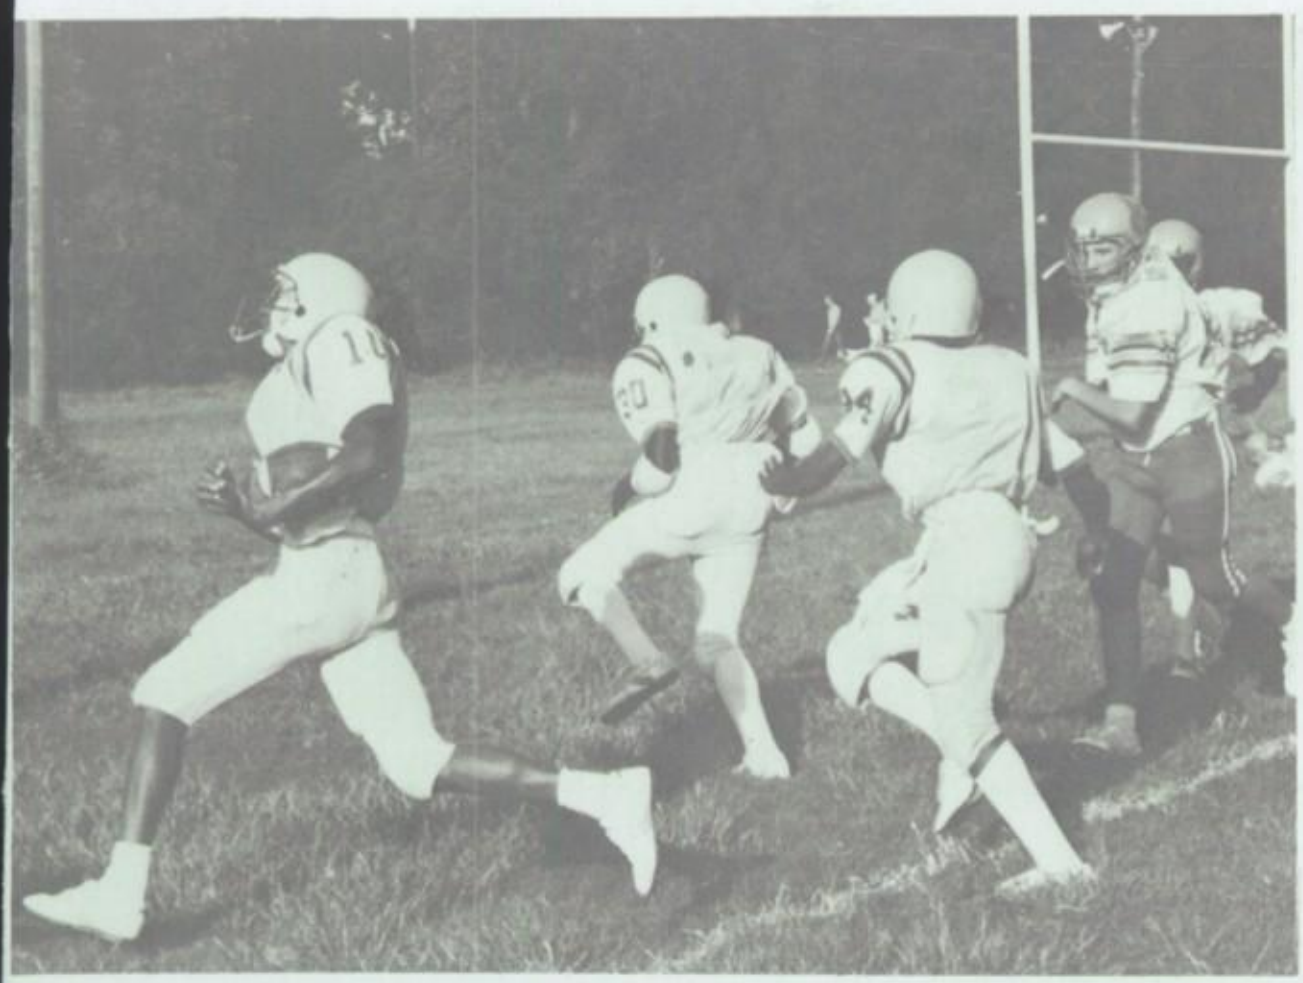
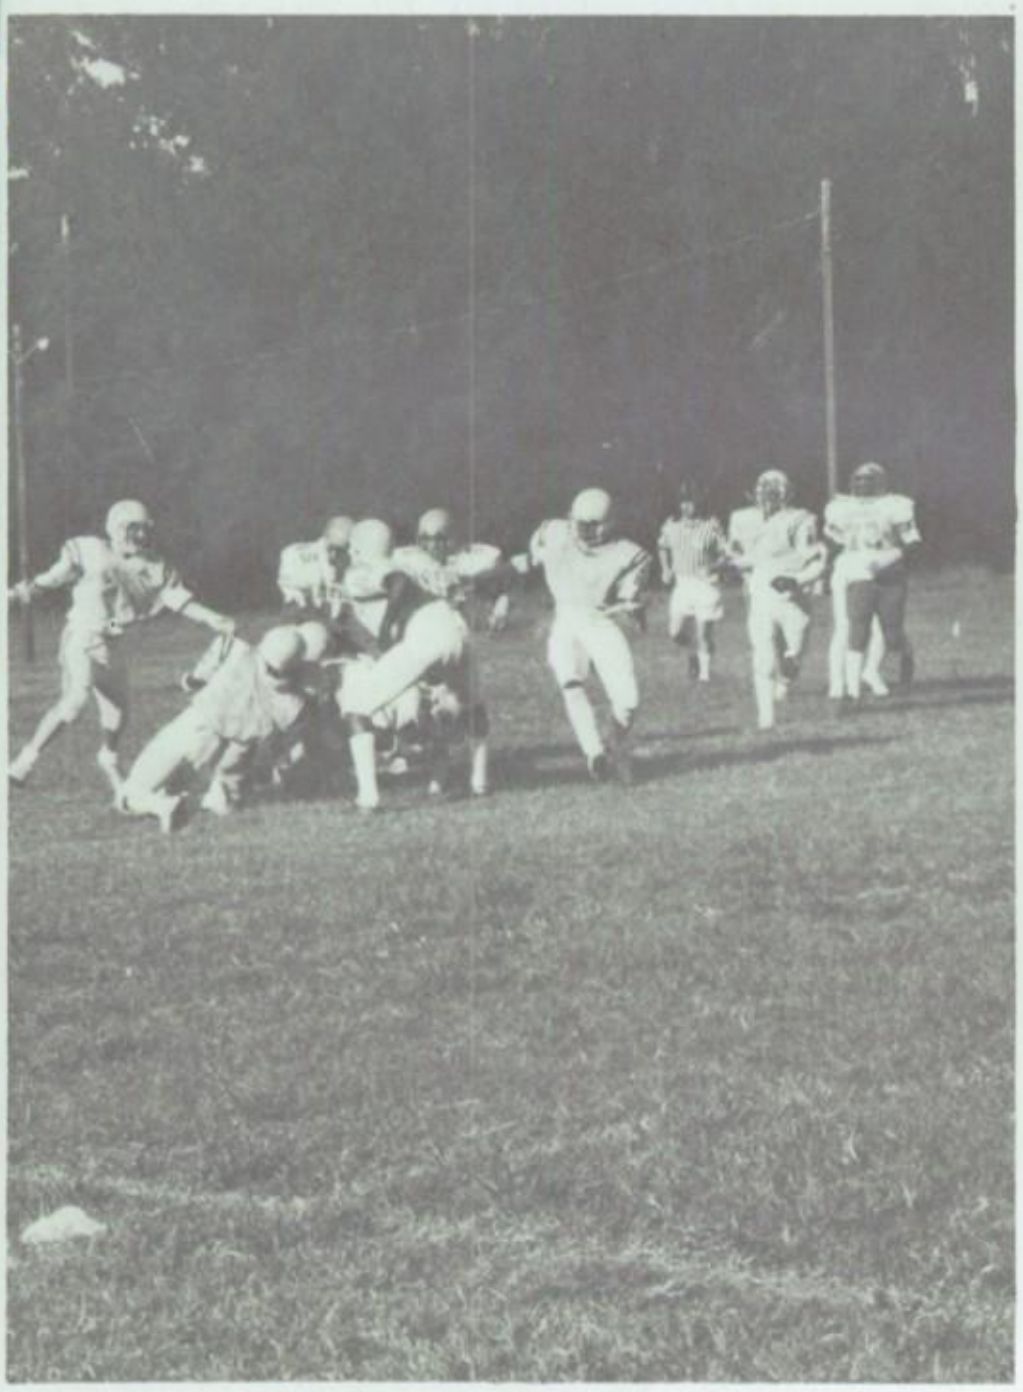
Freshman Football

Gylan White runs around the left end for a touchdown in the Southwood game.



The freshman football team, coached by Coach Ronnie Wagnon, Coach Al Wood, and Coach Earl Belle, had a good year. The thirty man team won their first two games and looked quite impressive but their last four games were against tough opponents. The freshman jackets had many good players and varsity hopefuls. The team was much larger and faster than last years team with players weighing 230 pounds and more.

The great determination of this winning team was always shown thru their smiles and spirit even in the toughest circumstances. These young men run faster, worked better, and tried harder as a team than they might have individually. It was this quality of team effort that propelled them into and out of a season to be proud of.



Freshman Jackets swarm around a Southwood ball carrier.

Tony Shelinger stretches before the Fair Park game.

Girl's Basketball

The girls basketball team, lead by Shannon Wiley and Tessi Davenport, really socked it to their opponents this year. The girls outscored most of their rivals and posted an impressive record.

Boy's Basketball

Basketball proved to be exciting this year as the Varsity, the Junior Varsity, and the Freshman teams played close games, winning or losing only by a basket or two.

Darnell Williams, along with Arthur Williams were the only returning seniors and they constantly lit up the scoreboard.

The team was manned by two seniors, five juniors, five sophomores and one freshman, Leon Goldsborough.

Coach Charles Thrash said, "The team worked hard, and played hard, and showed great Jacket Spirit."

Chad Hearron helped the boy's basketball team stay in line and keep cool throughout all of the games during the 1986-87 season.

Baseball

The Byrd Baseball team went into the '87 season with great hopes because of the returning three year lettermen, Harold Johnson and Kenny Jones. Also two year lettermen Clint Miller, John Rutledge, and Eric Champion were back to fill their positions. New comers were Jon Urhban, Brian Williams, Ben Ensley, Johnny Graham, Cory Rogers, Barry Walsworth, Jimbo Brooks, and Reggie Latson.

The '87 team worked, sweated, and acheived many goals so they could be called yellowjackets. The precision coaching of Ronnie Wagnon and Earl Belle lifted the team to good standings in district and non-district games.

All home games were played on the Broadmore Field, and Mr. Tom Rutledge manned the coke concessions.

Coach Wagnon said, "The team was sparked by All-District winners Johnson, Jones, and Miller. These players set fine examples for the rookies."

Your child will gain one full grade level in just 36 hours. Guaranteed.

In just a short time, your child will be reading at a full grade level better. Or solving math problems that right now seem impossible. And, best of all, discovering how it feels to succeed.

How? By spending two hours a week for 18 weeks at a Sylvan Learning Center. Sylvan's proven approach to learning has helped thousands of children do better in school. In a stress-free environment of positive encouragement and personal attention, we *guarantee* your child's math or reading skills will improve a full grade equivalent score in just 36 instruction hours. Or we will provide up to 12 additional hours of instruction, at no further cost.

To help your child master the basic reading and math skills, call the Sylvan Learning Center near you for a free consultation. The sooner your child begins, the sooner he'll gain a full grade level in reading or math.

We guarantee it.

Measurement will be based on a nationally-recognized achievement test for improvement in either reading (comprehension or vocabulary) or math (computation or application).

Air Force Secretary Edward C. "Pete" Aldridge Jr, a 1956 Byrd graduate, spoke to the student body in a special assembly, January 22. Secretary Aldridge said that his most important influences at Byrd were the good teachers and the curriculum. "Byrd graduates face an exciting, challenging future," said Aldridge, "Thirty years from now you may take a rocket ship from New York to Tokyo in an hour and a half."

Aldridge was honored with a reception prior to the assembly where he visited with students, faculty, and alumni. Among those attending were Judge Sexton and Chamber of Commerce President, Pete Gaffney who were classmates of Aldridge.

Casey,

Thanks for always being there for me. You are very special. You've helped me through a lot of tough times this year and I appreciate the friend you've been to me.

Love ya,
Keely

Jana,

One of the threesome is gone, but we've still got each other. Thanks for all the good times and memories. But most of all, thanks for being my BEST friend.

To The 1986-87 *Gusher* Staff:

Well, here it is, our finest work represented in this beautiful book!! Each and every one of you is an author in his or her own right, so feel proud of what we have achieved!

Thanx so much for this year of being "my babies", putting up with a lot of tight schedules, and a itsy bit of ill temper. Most of all, thank you all for creating such a strong family out of what could have been just another club, and for standing together when it really counted. My special love and appreciation goes to all those who put forth an extra effort and went that 90 millionth mile to make things easier for everyone else. All my gratitude and love for Mrs. Bowdon, more than she'll ever know. You truly are a Pearl, of great price, "Miz B.". Thanks also to Ms. Garner, who was often the one who held yours truly together. Last, but never least, THANK YOU to Mr. David Baker, our knight in shining armor, whose help through times of severe turmoil (such as DEADLINES!) never failed me!!

It's time for me to go now, sweeties, so make me proud next year and know that I am always here for you! I LOVE YOU!!!!
